

Guy's and St Thomas' NHS Foundation Trust

Taking Organ Transplantation to 2020

In 2017/18, from 17 consented donors the Trust facilitated 14 actual solid organ donors resulting in 39 patients receiving a life-saving or life-changing transplant.

In addition to the 14 proceeding donors there were 3 additional consented donors that did not proceed.

Best quality of care in organ donation

Referral of potential deceased organ donors

Goal: Every patient who meets the referral criteria should be identified and referred to NHS Blood and Transplant's Organ Donation Service

Aim: There should be no purple on the chart

Aim: The Trust (marked with a cross) should fall within Bronze, Silver, or Gold

The Trust referred 77 potential organ donors during 2017/18. There were 11 occasions where potential organ donors were not referred.

When compared with UK performance, the Trust was average (bronze) for referral of potential organ donors to NHS Blood and Transplant.

## Presence of Specialist Nurse for Organ Donation

**Goal: A Specialist Nurse for Organ Donation (SNOD) should be present during every organ donation discussion with families**

**Aim: There should be no purple on the chart**

**Aim: The Trust (marked with a cross) should fall within Bronze, Silver, or Gold**

X Trust • Other level 2 Trusts --- UK rate

Gold Silver Bronze Amber Red

A SNOD was present for 28 organ donation discussions with families during 2017/18. There were 9 occasions where a SNOD was not present.

When compared with UK performance, the Trust was average (bronze) for SNOD presence when approaching families to discuss organ donation.

### Why it matters

- If suitable patients are not referred, the patient's decision to be an organ donor is not honoured or the family does not get the chance to support organ donation.
- The consent rate in the UK is much higher when a SNOD is present.
- The number of patients receiving a life-saving or life-changing solid organ transplant in the UK is increasing but patients are still dying while waiting.

#### Regional donors, transplants, waiting list, and NHS Organ Donor Register (ODR) data

	London*	UK
<b>1 April 2017 - 31 March 2018</b>		
Deceased donors	268	1,574
Transplants from deceased donors	592	4,012
Deaths on the transplant list	76	426
<b>As at 31 March 2018</b>		
Active transplant list	1,277	6,045
Number of NHS ODR opt-in registrations (% registered)**	2,605,042 (30%)	24,941,804 (38%)

\*Regions have been defined as per former Strategic Health Authorities

\*\* % registered based on population of 8.67 million, based on ONS 2011 census data

## Further information

Further information on potential donors after brain death (DBD) and potential donors after circulatory death (DCD) at the Trust are shown below, including a UK comparison.

	DBD		DCD		Deceased donors	
	Trust	UK	Trust	UK	Trust	UK
Patients meeting organ donation referral criteria <sup>1</sup>	23	1954	68	6281	88	7978
Referred to Organ Donation Service	23	1929	57	5615	77	7302
<i>Referral rate %</i>	<b>G</b> 100%	99%	<b>B</b> 84%	89%	<b>B</b> 88%	92%
Neurological death tested	19	1676				
<i>Testing rate %</i>	<b>B</b> 83%	86%				
Eligible donors <sup>2</sup>	17	1582	50	4456	67	6038
Family approached	13	1471	24	1858	37	3329

<i>Consent rate %</i>	<b>B</b> 54%	72%	<b>B</b> 58%	60%	<b>B</b> 57%	66%
Actual donors (PDA data)	7	955	7	613	14	1568
<i>% of consented donors that became actual donors</i>	100%	90%	50%	55%	67%	72%

<sup>1</sup> DBD - A patient with suspected neurological death  
DCD - A patient in whom imminent death is anticipated, ie a patient receiving assisted ventilation, a clinical decision to withdraw treatment has been made and death is anticipated within 4 hours

<sup>2</sup> DBD - Death confirmed by neurological tests and no absolute contraindications to solid organ donation  
DCD - Imminent death anticipated and treatment withdrawn with no absolute contraindications to solid organ donation

Note that a patient that meets both the referral criteria for DBD and DCD organ donation is featured in both the DBD and DCD data but will only be counted once in the deceased donors total

**Gold** **Silver** **Bronze** **Amber** **Red**
