

NHSBT Board

26th July 2018

Transplant Activity report 2017-18

1 Status – Official.

2 Executive Summary

The annual Transplant Activity Report publishes all the key statistics relating to organ donation and transplantation. Of note from the 2017-18 report are the following: an 11% increase to 1574 deceased donors together with 1051 living donors meant that for the first time, the UK performed over 5,000 transplants (5,090). Organ donors have increased by 95% since the publication of the Organ Donation Taskforce report in 2008.
