

Advanced Transfusion Science Masterclass

WHO IS THIS FOR?

Band's 6 and higher:

- HCPC registered Biomedical / Healthcare scientists with or working towards a specialist transfusion qualification and with considerable experience in the field of transfusion science. CPD (Continuing Professional Development) opportunities for HCPC registered healthcare scientists

Structure

One day

THE AIM OF THE PROGRAMME

To add to the delegate's knowledge of the concepts of a variety of specific blood transfusion topics to the level of a Specialist / Advanced HCPC registered Specialist Practitioner working in transfusion. This is an interactive day to encourage shared learning of complex transfusion science practice.

WHAT YOU WILL LEARN

The underpinning theoretical principles of a range of specialist transfusion science topics with interactive workshops working through cases and laboratory results to the appropriate specialist and advanced theoretical knowledge. The topic of the course will change annually.

WHAT DOES THIS PROGRAMME COVER?

- Complex issues within Transfusion Science
- Complex data interpretation and case studies

BEFORE ATTENDING YOU SHOULD

It is essential that attendees
