# NORS Surgical Procedure Packs & Consumables tariff

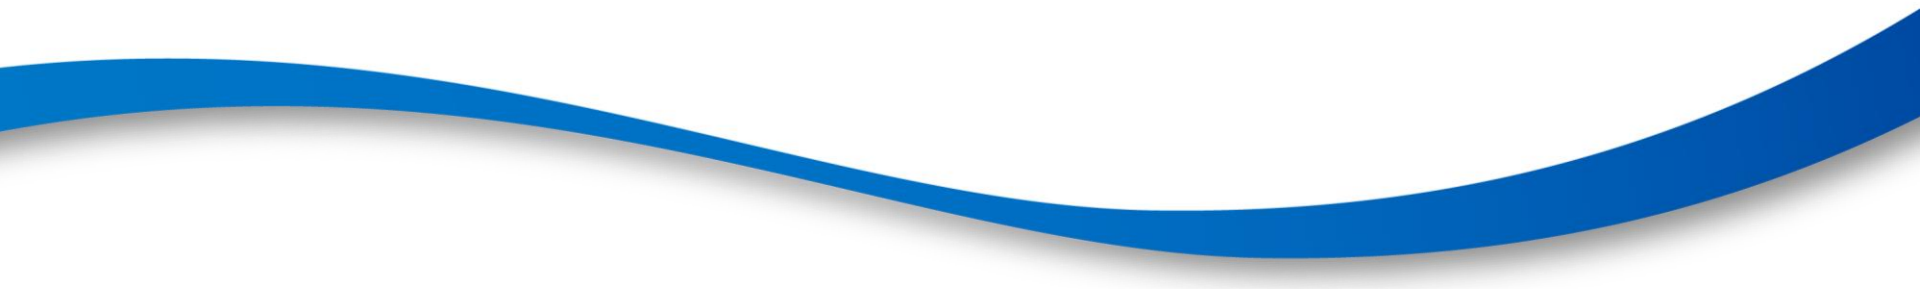

# Development of Custom Surgical Procedure Packs

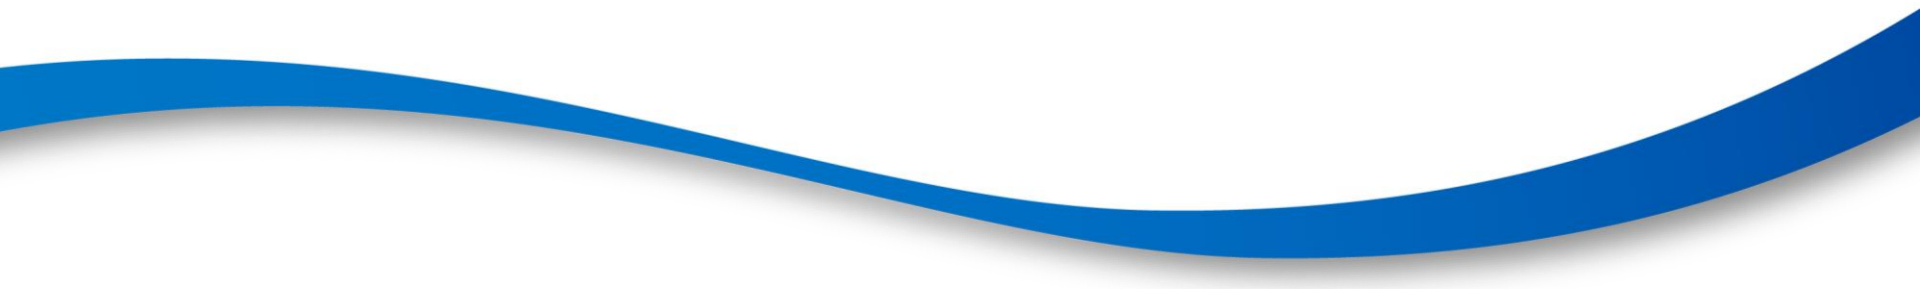

# Current Status

- ❖ All NORS teams negotiate the supply of surgical consumables directly from a range of suppliers and are reimbursed by NHSBT via standard tariffs (“the consumables tariff”)
  - ❖ The majority purchase individual consumable items directly from a range of suppliers or manufacturers
  - ❖ A small number of NORS teams currently use a variation of pre-prepared procedure packs
- 

# Problems

- ❖ The current process is not cost-effective
  - ❖ There is no standardisation of surgical consumables
  - ❖ There are no assurances that consumables purchased independently by NORS centres comply with relevant regulations and guidelines
  - ❖ The current consumables tariff does not reimburse NORS centres for consumables in line with clinical practice (current tariff established 2012 and no longer accurate).
- 

# Future Status

- ❖ The majority of surgical Consumables would be supplied in a 'Procedure Pack' format via a single supplier
  - ❖ A framework agreement with supplier meaning NORS centres can order directly from single supplier
  - ❖ Reimbursement for consumables based on procedure pack cost via consumables tariff
- 

# Benefits

- ❖ Guarantees that surgical consumables meet all relevant regulations and guidelines in terms of manufacturing and decontamination
  - ❖ Full tractability and compliant with EU MDR 2020
  - ❖ Secure supply as framework agreement specifies contingency
  - ❖ Improved safety through standardisation
  - ❖ Cost effective
  - ❖ Minimises waste and duplication
- 

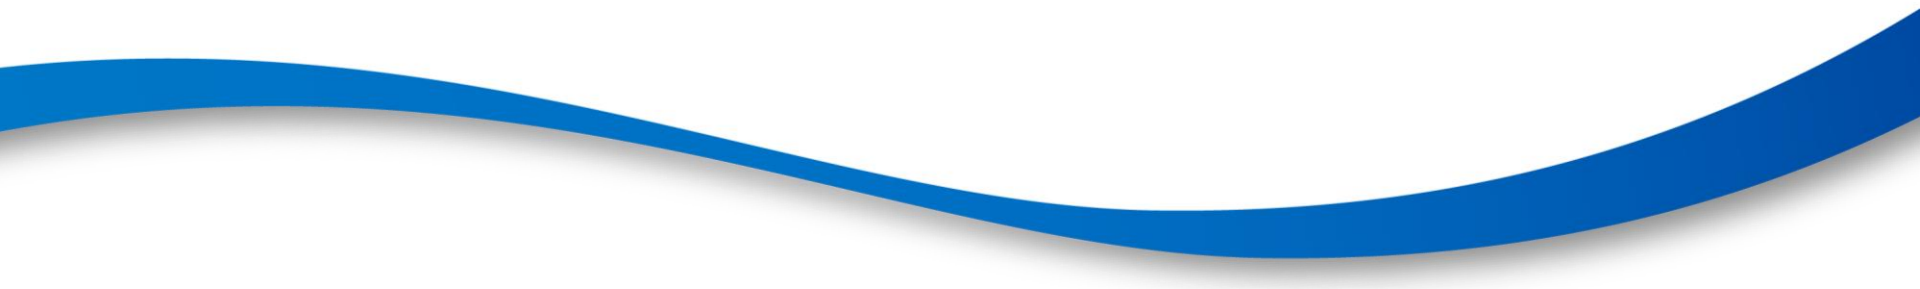

# Safety Colour-Coding for Organs

	Sterile Bowl	Organ Bag labels	Box labels
<b>Right Kidney</b>	✓	✓	✓
<b>Left Kidney</b>	✓	✓	✓
<b>Liver</b>	✓	✓	✓
<b>Pancreas</b>	✓	✓	✓
<b>Heart</b>	✓	✓	✓
<b>Lungs</b>	✓	✓	✓
<b>Heart Valves</b>	✓	✓	✓

Retrieval → Transport → Implantation

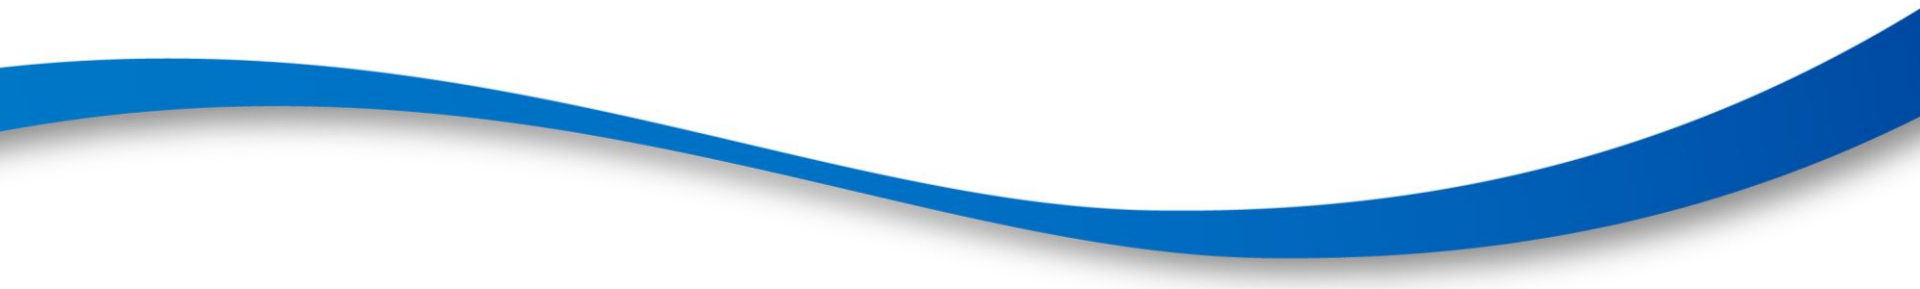

## 2018-

- ❖ Survey of all NORS centres undertaken to identify what consumables are currently used
  - ❖ Based on responses, proposed procedure pack contents list produced and circulated for comment
  - ❖ Final Procedure pack contents list agreed
  - ❖ Prior Information Notice published to consult with market
- 

## 2019-

- ❖ A number of suppliers expressed interest
  - ❖ One supplier passed essential criteria
  - ❖ Framework agreement signed with successful bidder
  - ❖ Procurement Strategy approved and Tender process commenced
- 
- A thick, blue, wavy line that curves across the bottom of the slide, starting from the left edge and ending at the right edge.

## A 4 year framework agreement between NHSBT and Clonallon Laboratories Ltd

### Three Pack types:

- ❖ Basic NORS Retrieval Pack
- ❖ Abdominal Proceeding Pack
- ❖ Cardiothoracic Proceeding Pack

*Contents of all packs will be reviewed on a regular basis with the supplier.*

# Basic NORS Retrieval Pack

- ❖ Initial pack to be opened
- ❖ Used for all Non-proceeding & proceeding retrievals
- ❖ Contains all necessary consumables for initial laparotomy, sternotomy, organ assessment & initial aortic perfusion (DCD)– for use by both abdominal and cardiothoracic teams
- ❖ Cost reimbursement to PRIMARY\* NORS team for all donor attendances

\* Primary NORS team is the Abdominal team in all circumstances with the exception of donor attendances where ONLY a Cardiothoracic team is is attendance

# Abdominal Proceeding Retrieval Pack

- ❖ Pack only opened following decision made by lead retrieval surgeon that abdominal organ retrieval will proceed
- ❖ Contains all necessary consumables for retrieval and packing of Kidneys, Liver, Pancreas & heart valve tissue.
- ❖ Cost reimbursement to Abdominal NORS team for all donor attendances where the intention is that at least ONE abdominal organ will be retrieved

The definition of proceeding is where the lead retrieval surgeon has made a decision that the retrieval will proceed. It does not necessarily mean that organs are subsequently retrieved.

# Cardiothoracic Proceeding Retrieval Pack

- ❖ Pack only opened following decision made by lead retrieval surgeon that Cardiothoracic organ retrieval will proceed
- ❖ Contains all necessary consumables for retrieval and packing of Heart and Lungs
- ❖ Cost reimbursement to Cardiothoracic NORS team for all donor attendances where the intention is that at least **ONE** cardiothoracic organ will be retrieved

The definition of 'proceeding' is where the lead retrieval surgeon has made a decision that the retrieval will proceed. It does not necessarily mean that organs are subsequently retrieved.

# Basic NORS Retrieval Pack

## Interior Contents

- 2 Pennine Pooles Suction tip
- 1 Basin Ring 6000ml
- 1 A4 Label - 3 Peelable Stickers
- 1 Mayo Stand Cover 80cm x 145cm
- 2 Back Table Cover, 150cm x 200cm
- 5 Raytec 45X45cm 12 Ply TPD (200)
- 1 1000ml Jug with handle
- 1 Bag Yellow Folded Self Adhesive 29 x42cm
- 1 Header Bag 50cm x 66cm
- 1 Needle Counter 20 Count Foam/Magnet
- 2 Transparent Kidney Dish, 800ml
- 10 Raytec Woven Gauze Swabs 30cm 12ply, Tied 5's with tape
- 5 Raytec Swabs 10cm x 10cm 32 ply Tied 5's
- 1 Add-On Exterior Pack for 5010 (Basic - ORP)
- 2 Back Table Cover, 150cm x 190cm
- 2 Suction tubing 3 metres X 6mm
- 1 Bowl 2500ml
- 3 Bowl 500ml
- 1 Label with "Basin Stand Cover
- 1 Cardiovascular Drape 300cm x 200cm x 347cm, (Reinforced)
- 1 Pennine Yankauer sucker Midi Medium

## Exterior Pouch Contents

- 3 Ethicon Mersilk Black 1x1M
- 1 Ethicon Vicryl 6x45 2/0
- 1 Vicryl Plus VIO 6x45cm M1.5 USP4/0
- 2 Ethicon Vicryl Suture Violet 1
- 1 Ethicon Bone Wax 2.5G Sterile (Box of 12)
- 1 Diathermy Holster
- 1 Electrosurgical Pencil, push button control, 320cm cable
- 1 Instrument Tip Cleaner, 5cm x 5cm
- 1 Blue Flat Pouch 200\*400mm
- 1 Baxter Uromatic irrigation set Y-type

# NORS Consumables reimbursement tariff

# Tariff History

## Pre 2012:

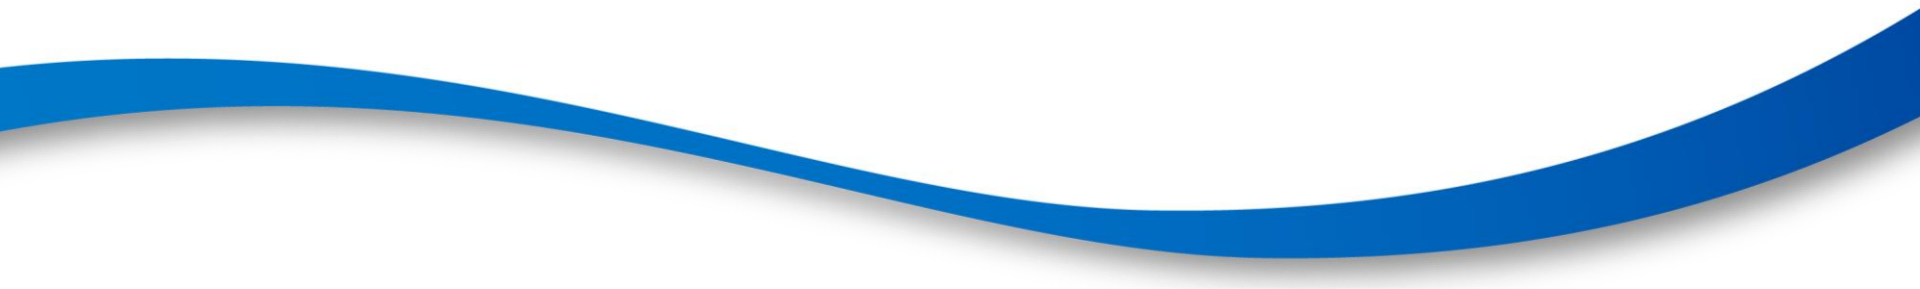

- ❖ All consumables used by NORS teams reimbursed
- ❖ Huge variation across teams
- ❖ Inequitable

## 2012:

- ❖ Standard tariff introduced
  - ❖ Consumables list agreed based on information from TMF & NRG
  - ❖ Confusing tariff structure
- 

# Tariff changes

## Single suite of tariff payments inclusive of...

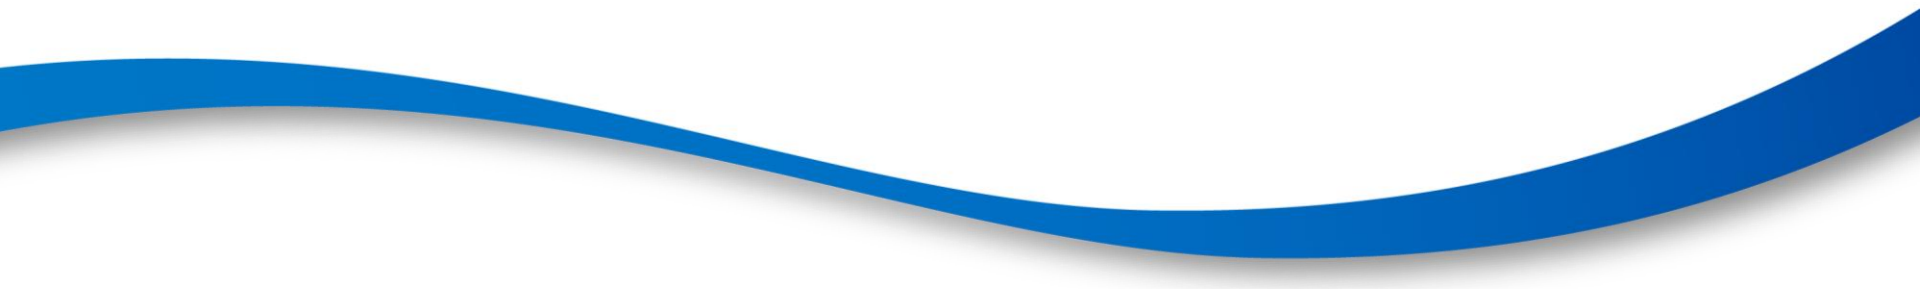

- ❖ Consumables contained within procedure packs
  - ❖ Consumables not contained within procedure pack
  - ❖ Organ perfusion and preservation fluids
  - ❖ Drugs
- 

# New Tariff:

## Abdominal team:

- ❖ Non-proceeding donor
- ❖ Proceeding donor (excluding pancreas)
- ❖ Proceeding donor (including pancreas)

## Cardiothoracic teams:

- ❖ Non-proceeding donor
  - ❖ Proceeding donor (excluding lungs)
  - ❖ Proceeding donor (including lungs)
- 

# Non-proceeding donor (Abdominal)

- ❖ **Basic NORS Retrieval Procedure Pack**

- ❖ **Essential consumables not included within Procedure pack**

Bard-Parker Blade, Aortic Perfusion Cannula, Sternal saw blade

## Organ Preservation Fluids

University of Wisconsin Solution – 2 Litres, NaCl 0.9% - 2 Litres

- ❖ **Drugs**

Heparin 30,000u

£392.15\*

# Proceeding Abdominal donor (excluding pancreas)

- ❖ **Basic NORS Retrieval Procedure Pack**
- ❖ **Proceeding Abdominal Procedure Pack**
- ❖ **Essential consumables not included within Procedure pack**

Bard-Parker Blades, Aortic Perfusion Cannula, Sternal Saw blade  
Kidney insert pack (Brandon Trust)

- ❖ **Organ Preservation Fluids**

University of Wisconsin Solution – 10 Litres, NaCl 0.9% - 10 Litres

- ❖ **Drugs**

Heparin 30,000u, Co-Amoxiclav 1G, Ceftazidime 2G

£1422.11\*

# Proceeding Abdominal donor (including pancreas)

- ❖ **Basic NORs Retrieval Procedure Pack**
- ❖ **Proceeding Abdominal Procedure Pack**
- ❖ **Essential consumables not included within procedure pack**

Bard-Parker Blades, Aortic Perfusion Cannula, Sternal Saw blade, GIA80 Stapler, GIA80 reload, TL90 stapler, Kidney insert pack (Brandon Trust)

- ❖ **Organ Preservation Fluids**

University of Wisconsin Solution – 12 Litres, NaCl 0.9% - 12 Litres

- ❖ **Drugs**

Heparin 30,000u, Co-Amoxiclav 1G, Ceftazidime 2G

£1967:41\*

# Non-Proceeding Cardiothoracic donor - No Procedure Pack Available:

Blood gas syringe  
2 ml syringe  
5 ml syringe  
10ml syringe  
20 ml syringe  
50 ml syringe  
Double ended IV bung (red)  
Blood administration giving set

Lectro-cath 200cm  
Lectro-cath 11cm  
Swann - Ganz catheter

£143:17

# Proceeding Cardiothoracic donor (excluding Lungs)

- ❖ **Proceeding Cardiothoracic Procedure Pack**

- ❖ **Consumables not included within Procedure pack**

As detailed earlier (non-proceeding consumables)

- ❖ **Organ Preservation Fluids**

Ringers Solution – 2 Litres, NaCl 0.9% - 6 Litres

- ❖ **Drugs**

Heparin 30,000u, Cardioplegia Concentrate

£328:05\*

# Proceeding Cardiothoracic donor (including Lungs)

- ❖ **Proceeding Cardiothoracic Procedure Pack**
- ❖ **Consumables not included within Procedure pack**

As detailed earlier, TA45 stapler, TA45 reloads

- ❖ **Organ Preservation Fluids**

Ringers Solution – 2 Litres, NaCl 0.9% - 6 Litres, Perfadex Plus - 4 Litres

- ❖ **Drugs**

Heparin 30,000u, Cardioplegia Concentrate, Prostacyclin, GTN

£1384:94\*

# Ordering Process and delivery schedule for procedure packs

- ❖ Procedure packs will be available to order directly from Clonallon Laboratories Ltd immediately.
- ❖ Orders should be made via email ([info@Clonallon.com](mailto:info@Clonallon.com)) on official headed paper including a PO number.
- ❖ Receipt of order will be acknowledged on same working day (or next working day if order placed 'out of hours')
- ❖ Initial delivery will be made within 18 weeks of receipt of PO.
- ❖ Subsequent orders will be delivered with 48 hours of acknowledgement receipt of PO.
- ❖ Individual NORS centres will be invoiced directly by supplier for orders and reimbursed by NHSBT via the consumables tariff
- ❖ The supplier has a requirement to maintain stock equivalent to three months NORS activity to ensure that there is no interruption in supply

# Summary

- ❖ The list of NORS consumables has been reviewed and updated to reflect practice (includes surgical and organ preservation)
- ❖ Surgical Procedure Packs have been made available to improve standardisation, ease of use and to incorporate critical safety elements.
- ❖ Purchase of Procedure packs via single supplier is not mandated BUT NORS teams are expected to provide consumables as listed in tariff.
- ❖ Updated reimbursement tariff will commence July 2020\* (Once new perfusion fluid framework agreement is in place).
- ❖ New Perfusion Fluid framework agreement with suppliers will include lung perfusion for first time.

\* *Provisional date*
