Convalescent Plasma Trials Update

Total number of patients randomised:

191

50% of all patients randomised will receive convalescent plasma, and each patient will receive 2 units.

Which hospital randomised the highest number of patients last week into REMAP-CAP?

Leicester Royal Infirmary – 2 patients randomised

Which Trust randomised the highest number of patients last week into RECOVERY?

North West Anglia – 4 patients randomised

These bags are provided to each hospital – the convalescent plasma is put into these bags before being transferred from the Transfusion Laboratory to the Intensive Care Unit / ward.
