

Convalescent Plasma Trials Update

Total number of patients randomised:

320

50% of all patients randomised will receive convalescent plasma, and each patient will receive 2 units.

How many new hospitals opened to the REMAP-CAP trial last week?

5 hospitals

How many new hospitals opened to the RECOVERY trial last week?

10 hospitals

Graham Elliot, pictured above, was hospitalised due to COVID-19. Whilst in hospital, he consented to take part in the RECOVERY trial. More on his story [here](#).

The RECOVERY trial is also randomising patients to other potential treatment options:

- Low-dose dexamethasone (now only randomising children)
- Azithromycin (a commonly used antibiotic)
- Tocilizumab (an anti-inflammatory treatment given by injection)

- Start Date: **26/05/2020**
- Number of hospitals open: **107**
- Number of patients randomised: **242**
- Further information about the trial:
www.recoverytrial.net

SUMMARY OF TRIAL INCLUSION CRITERIA

- Hospitalised (any age)
- SARS-CoV-2 infection (clinically suspected or laboratory confirmed)
- No medical history that might put the patient at significant risk if he/she were to participate in the trial

- Start Date: **30/04/2020**
- Number of hospitals open: **97**
- Number of patients randomised: **78**
- Further information about the trial:
www.remapcap.org

SUMMARY OF TRIAL INCLUSION CRITERIA

- Adults admitted to an Intensive Care Unit
- SARS-CoV-2 infection (laboratory confirmed)
- No medical history that might put the patient at significant risk if he/she were to participate in the trial
