

Convalescent Plasma Trials Update

Total number of patients randomised:

348

50% of all patients randomised will receive convalescent plasma, and each patient will receive 2 units.

Which Trust has randomised the highest number of patients into the REMAP-CAP trial?

Leicester Hospitals – 22 patients

Which Trust has randomised the highest number of patients into the RECOVERY trial?

North West Anglia – 26 patients

Dr Ben Creagh-Brown is an Intensive Care Consultant at the Royal Surrey County Hospital. He is also the Principal Investigator (PI) for the REMAP-CAP trial at this hospital (which opened to the trial whilst he was donating convalescent plasma!).

Each hospital has a nominated PI who takes overall responsibility for the conduct of the trial at their site.

- Start Date: **26/05/2020**
- Number of hospitals open: **122**
- Number of patients randomised: **269**
- Further information about the trial:
www.recoverytrial.net
