

Who should emergency blood go to?

The blood fridge contains 2 units of O D-positive red cells and 2 units of O D-negative red cells for use in an emergency.

If you are using emergency blood please ensure you have activated the major haemorrhage protocol by calling **2222**.

O D-Positive red cells

>18 Men over the age of 18

>50 Women over the age of 50

O D-Negative red cells

<18 Anyone under the age of 18

18-50 Women 18- 50

??? If you are not able to ascertain age or sex
