Dear

NHS Blood and Transplant (NHSBT) Commissioning Team plan to recognise those perioperative practitioners within the National Organ Retrieval Service (NORS) teams who have activity sustained the vital work of organ donation for a period of 5 continuous years or more.

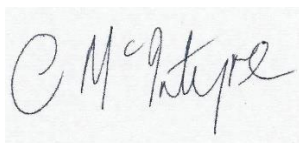

In celebration of the contribution made by these practitioners, we have introduced a Certificate of Recognition for those staff whose length of service in NORS is five years or more, as confirmed by yourself.

The certificates are enclosed, we ask that you please find a suitably prominent opportunity to present them to your team members on behalf of NHSBT Commissioning with our sincere thanks.

We shall also be writing to your NORS Lead Surgeon to bring awareness of this recognition.

We intend to review this yearly to continue recognising the commitment of these practitioners.

Many thanks

Cecelia McIntyre
Perioperative lead
OTDT Commissioning Team
