

Paediatric patients who died in a PICU

2021/22

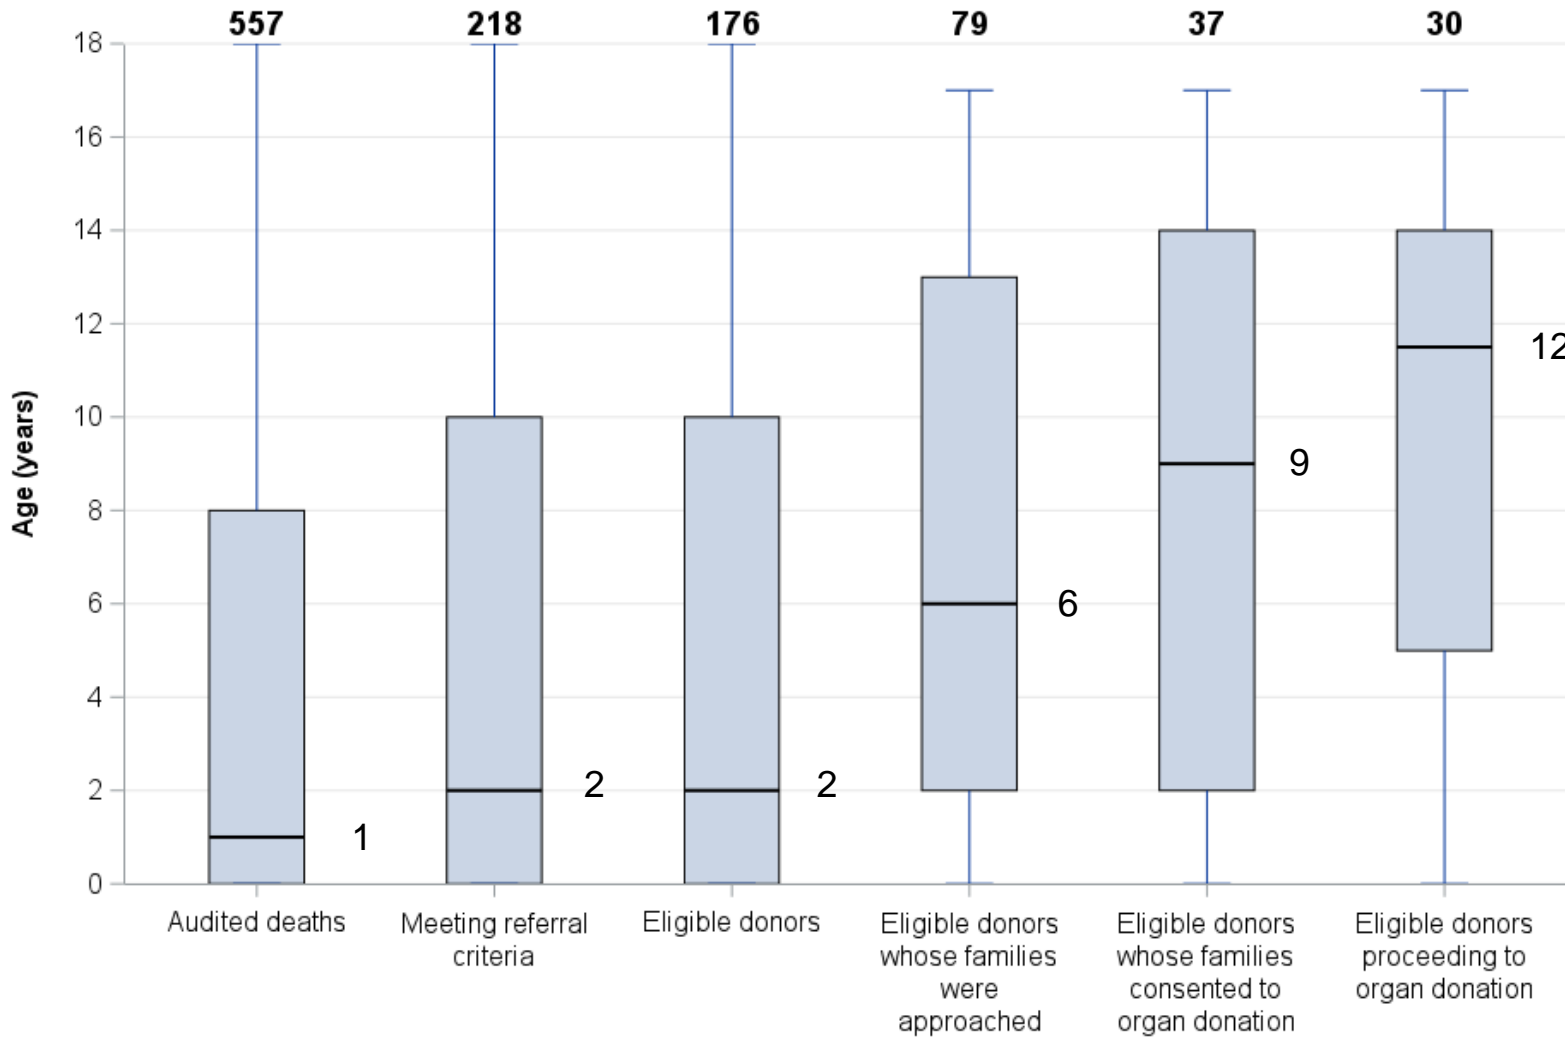

Yes I donate
ORGAN DONATION

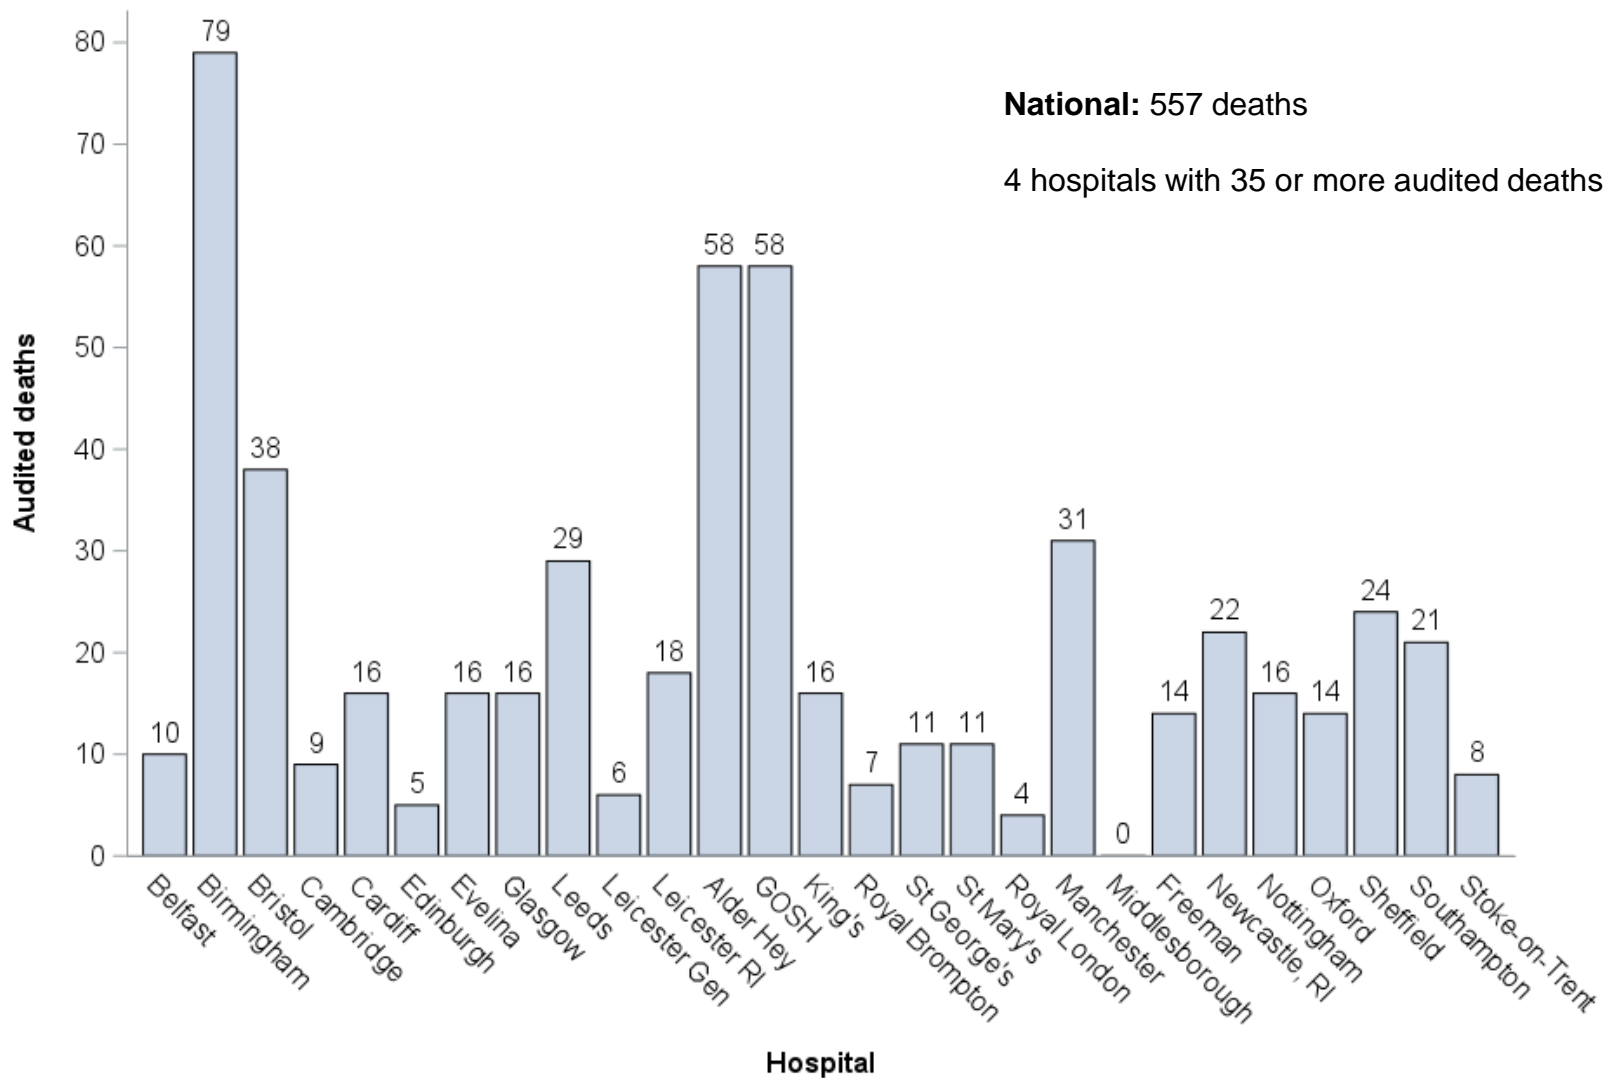

Flow of paediatric patients through the donation pathway (PDA data)

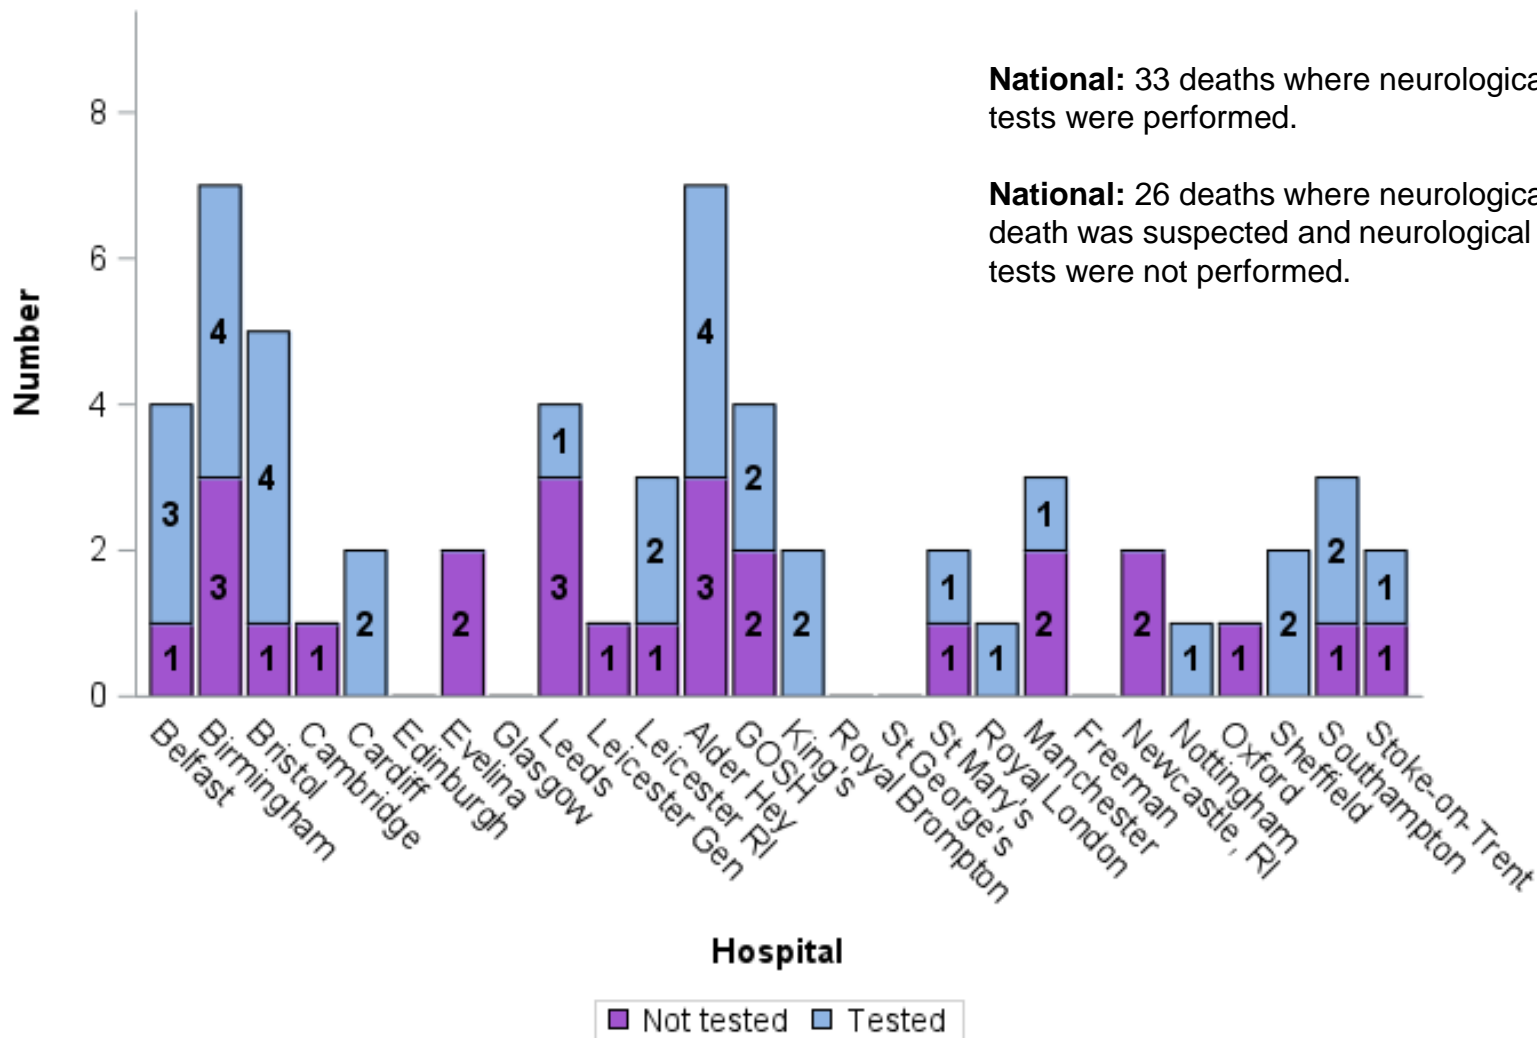

Age distribution, April 2021 – March 2022

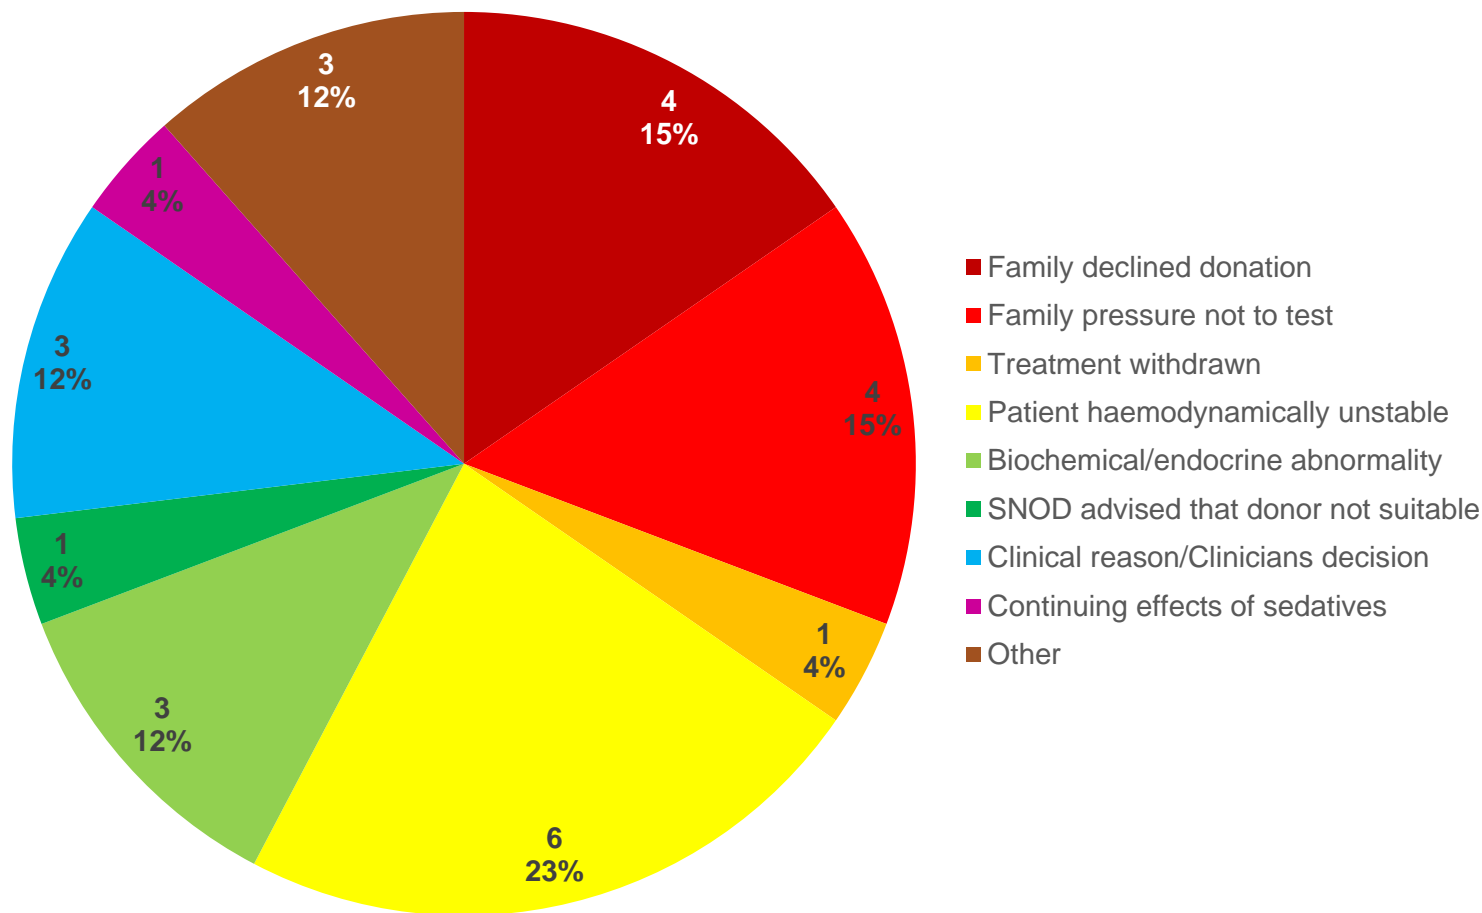

Audited deaths by hospital, April 2021 – March 2022

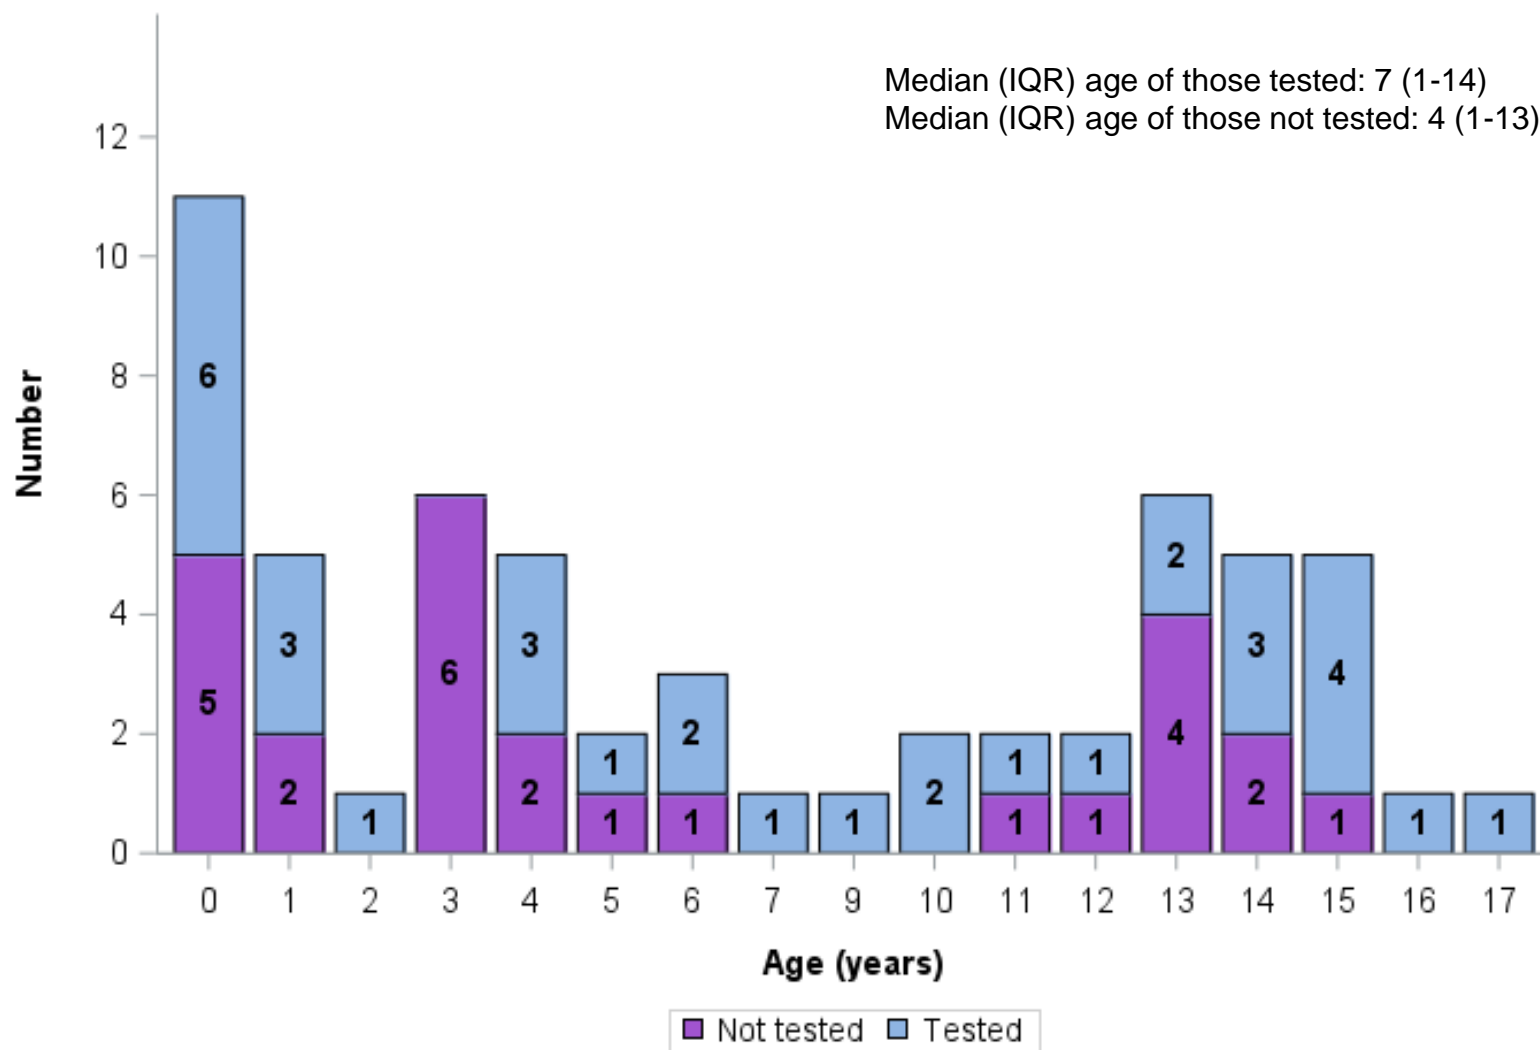

Number of neurological death tested/not tested patients by hospital, April 2021 – March 2022

Reason why neurological death tests were not performed, April 2021 – March 2022

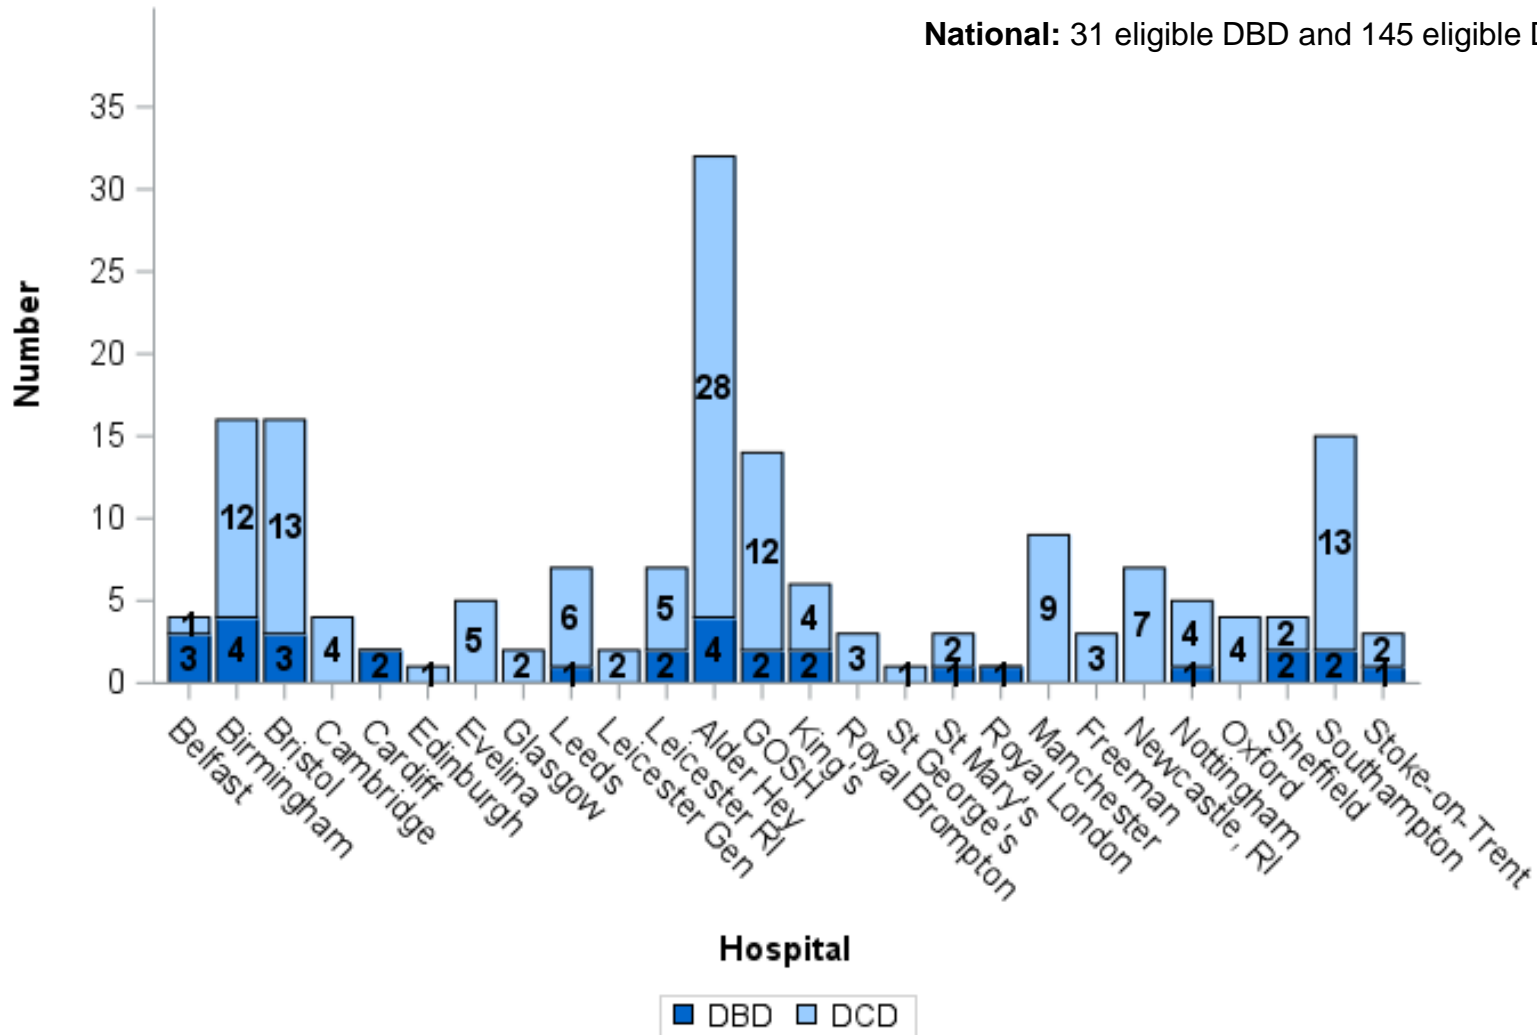

Neurological death tests performed by age, April 2021 – March 2022

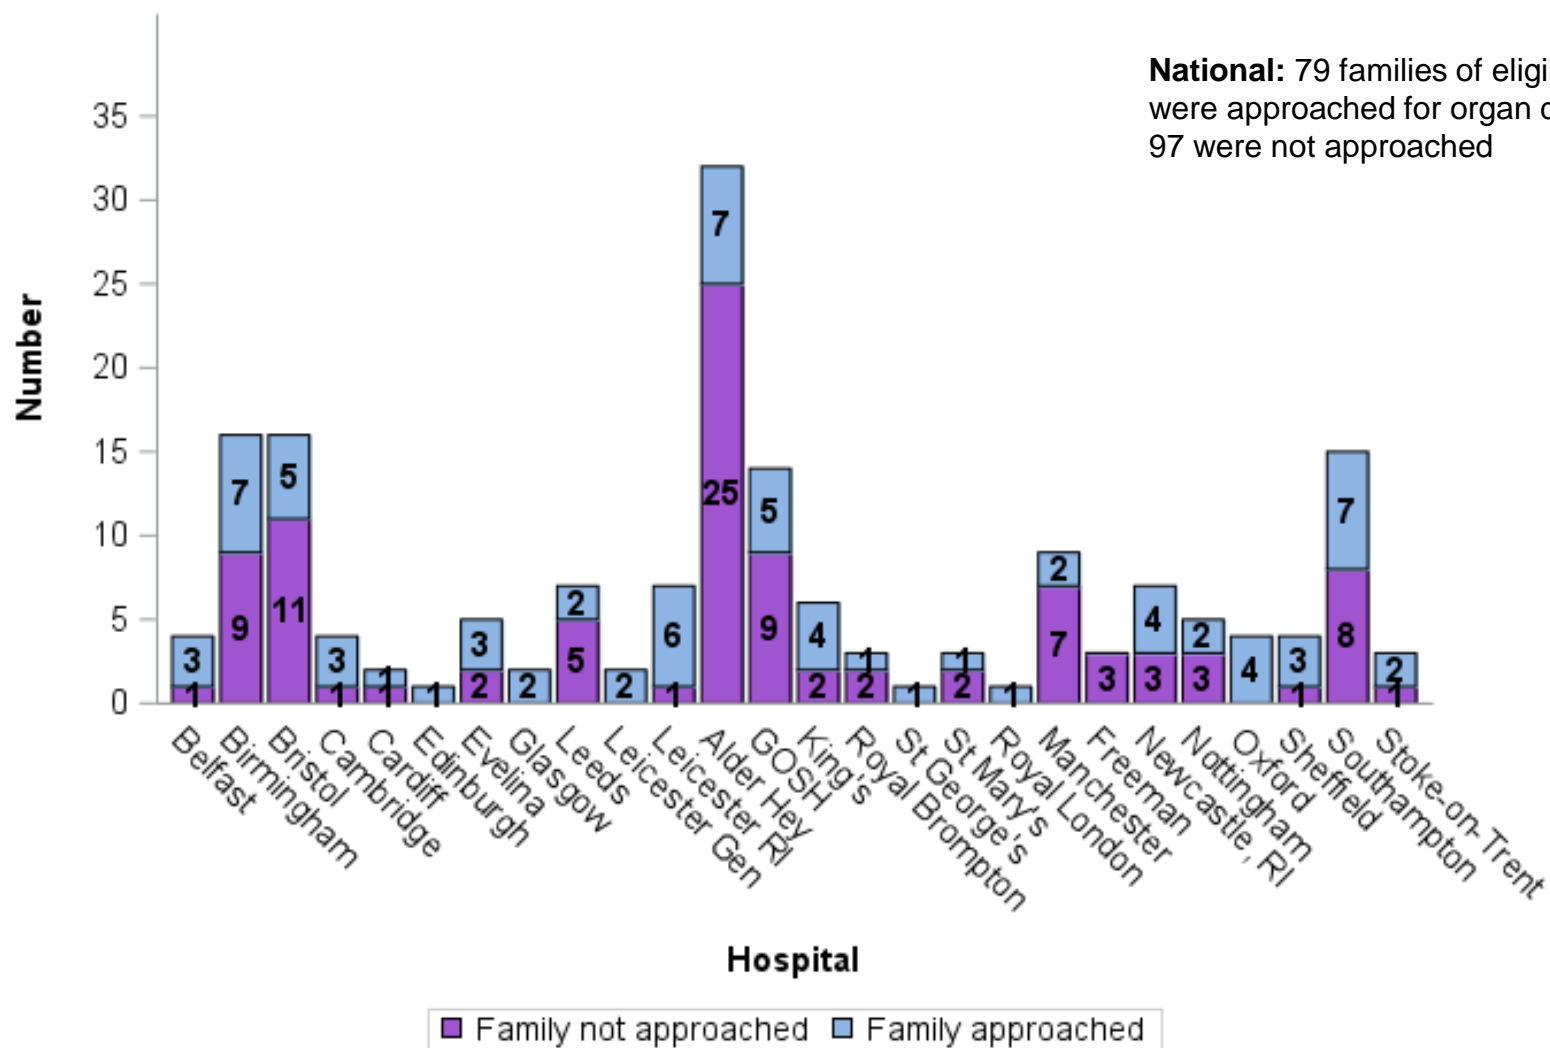

Eligible donors by hospital, April 2021 – March 2022

National: 31 eligible DBD and 145 eligible DCD donors

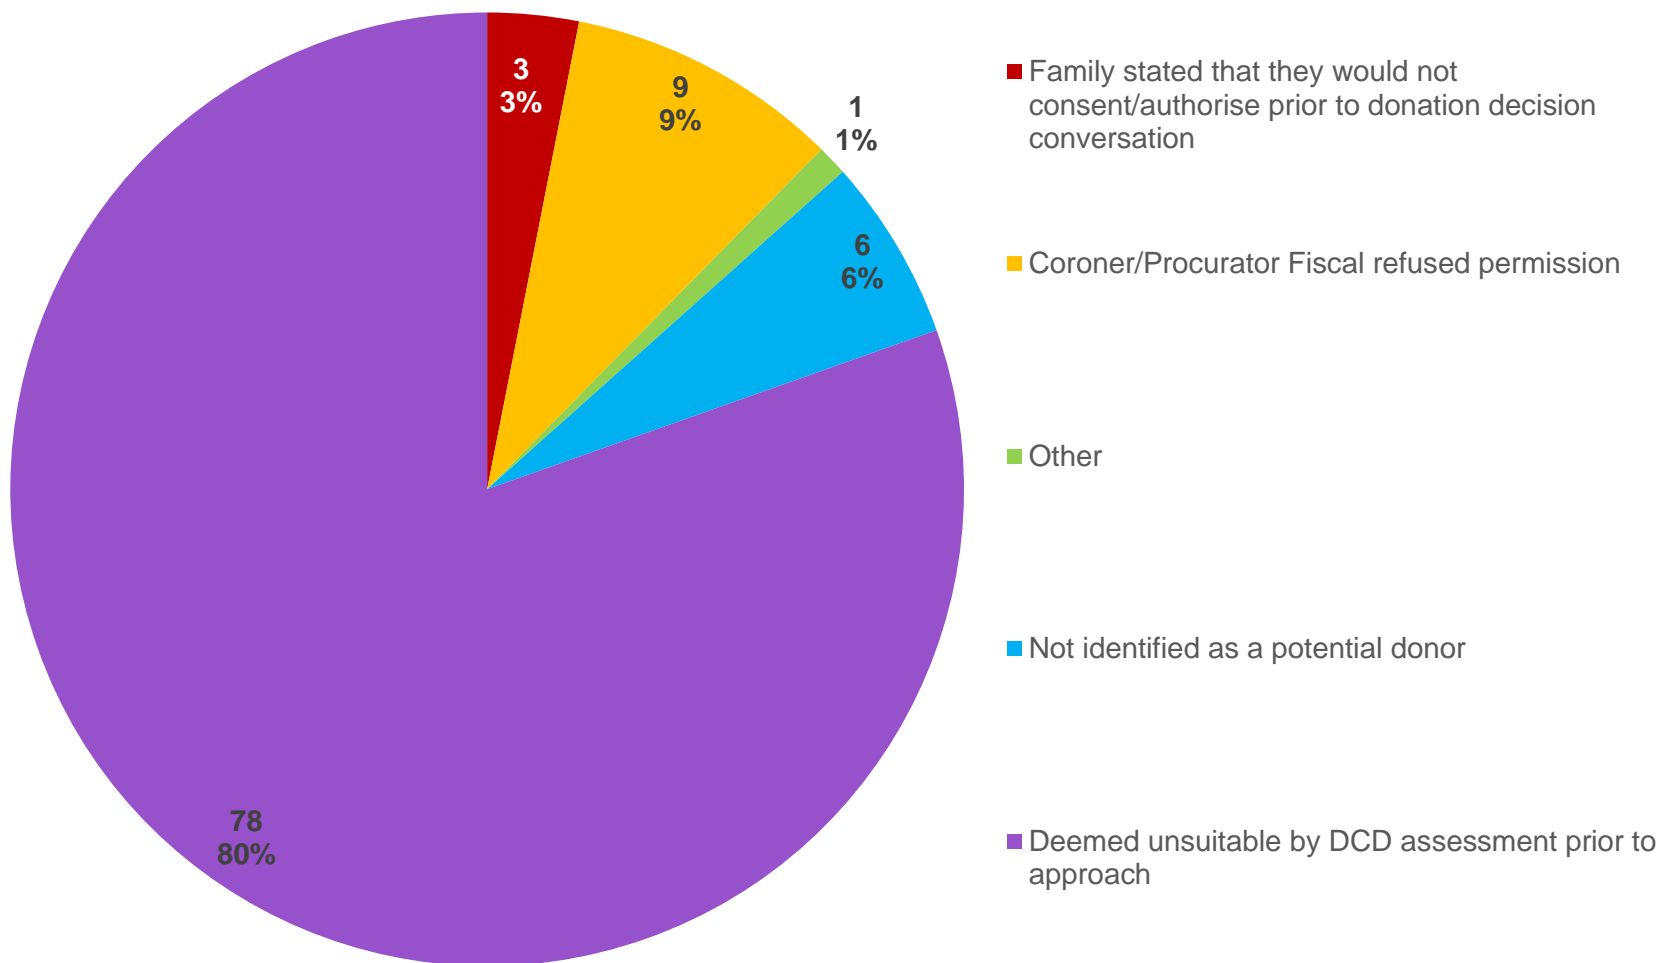

Eligible donors by hospital and whether the family were approached, April 2021 – March 2022

National: 79 families of eligible donors were approached for organ donation and 97 were not approached

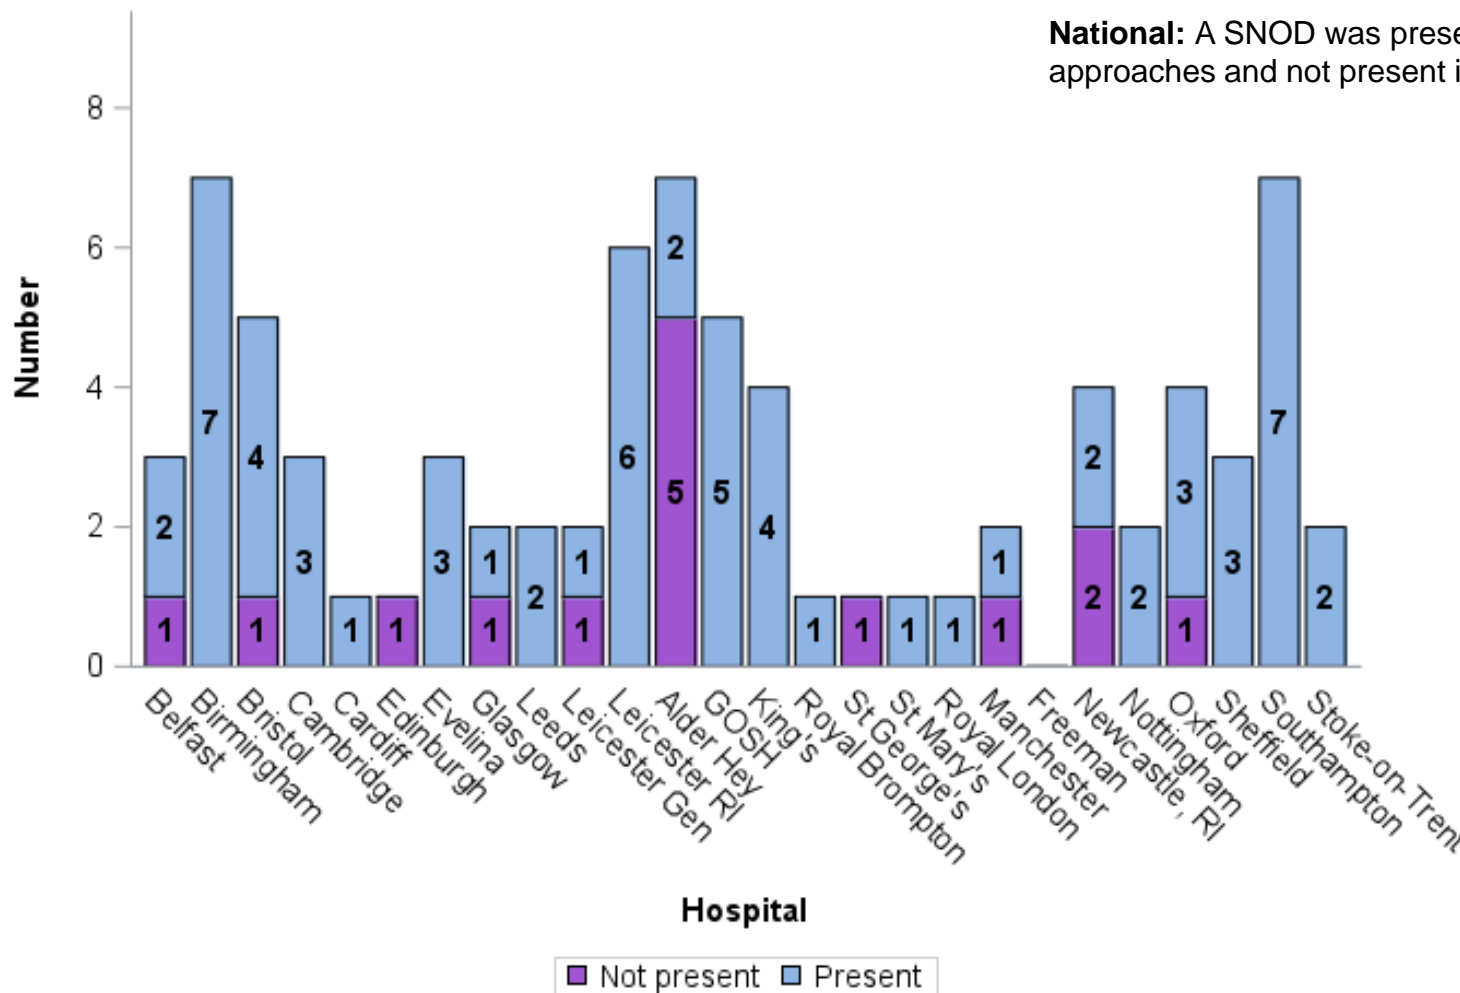

Reason families of eligible donors were not approached, April 2021 – March 2022

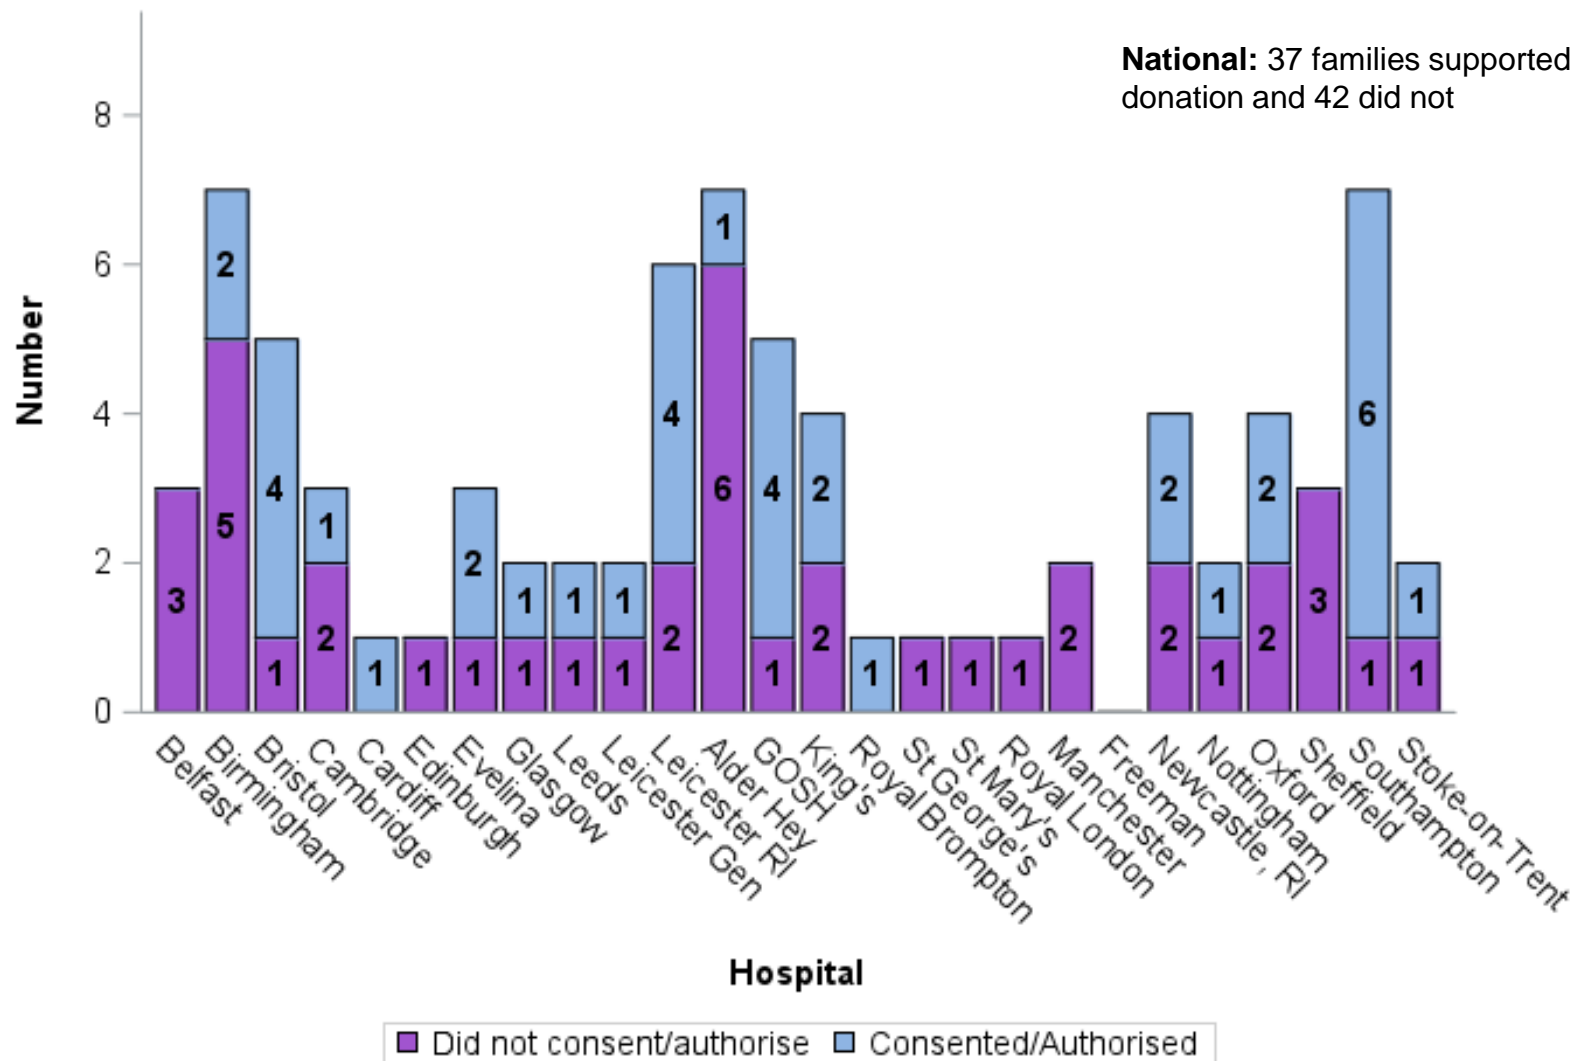

Number of approaches where a SNOD was present/not present by hospital, April 2021 – March 2022

National: A SNOD was present in 64 approaches and not present in 15

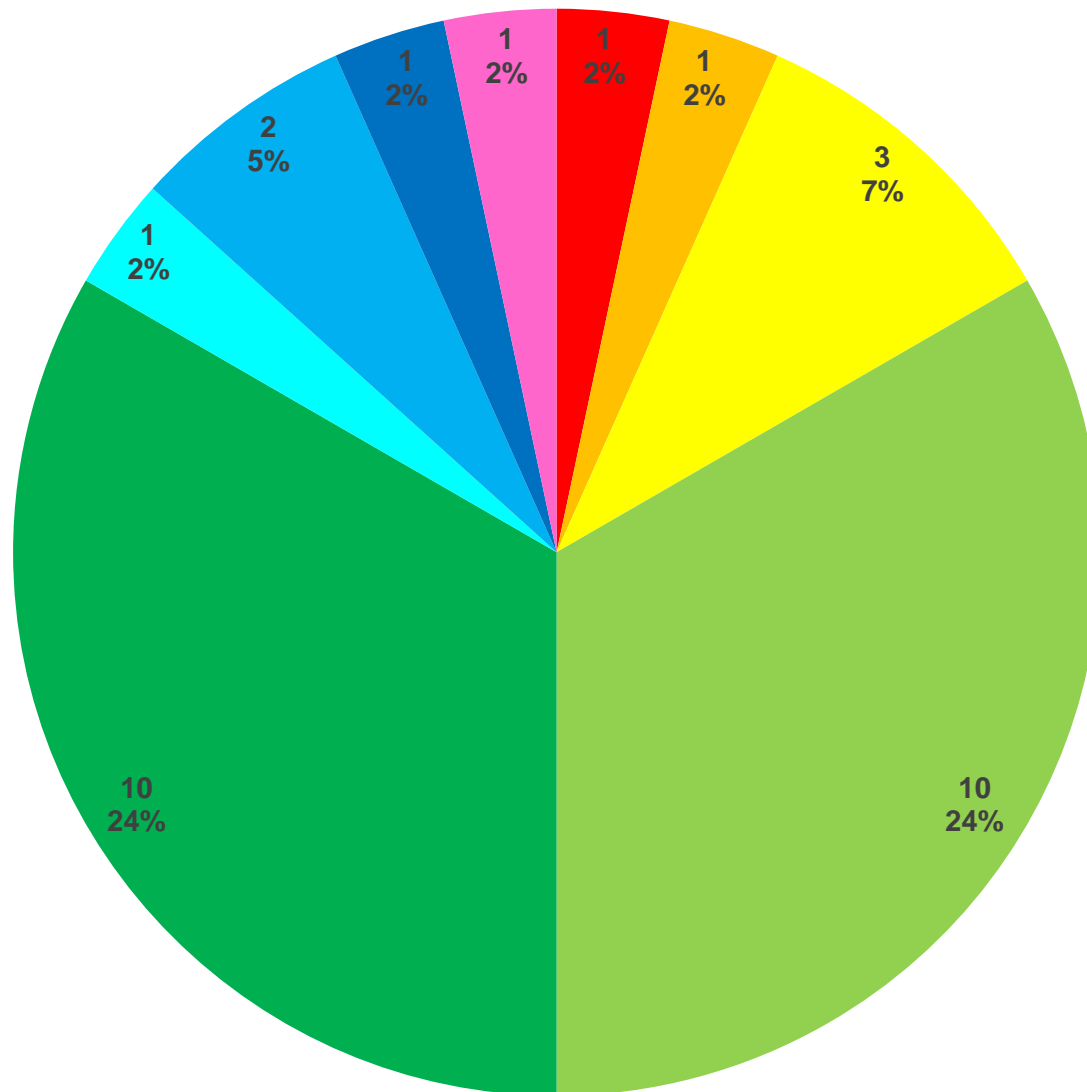

Number of families consented/authorised organ donation by hospital, April 2021 – March 2022

National: 37 families supported organ donation and 42 did not

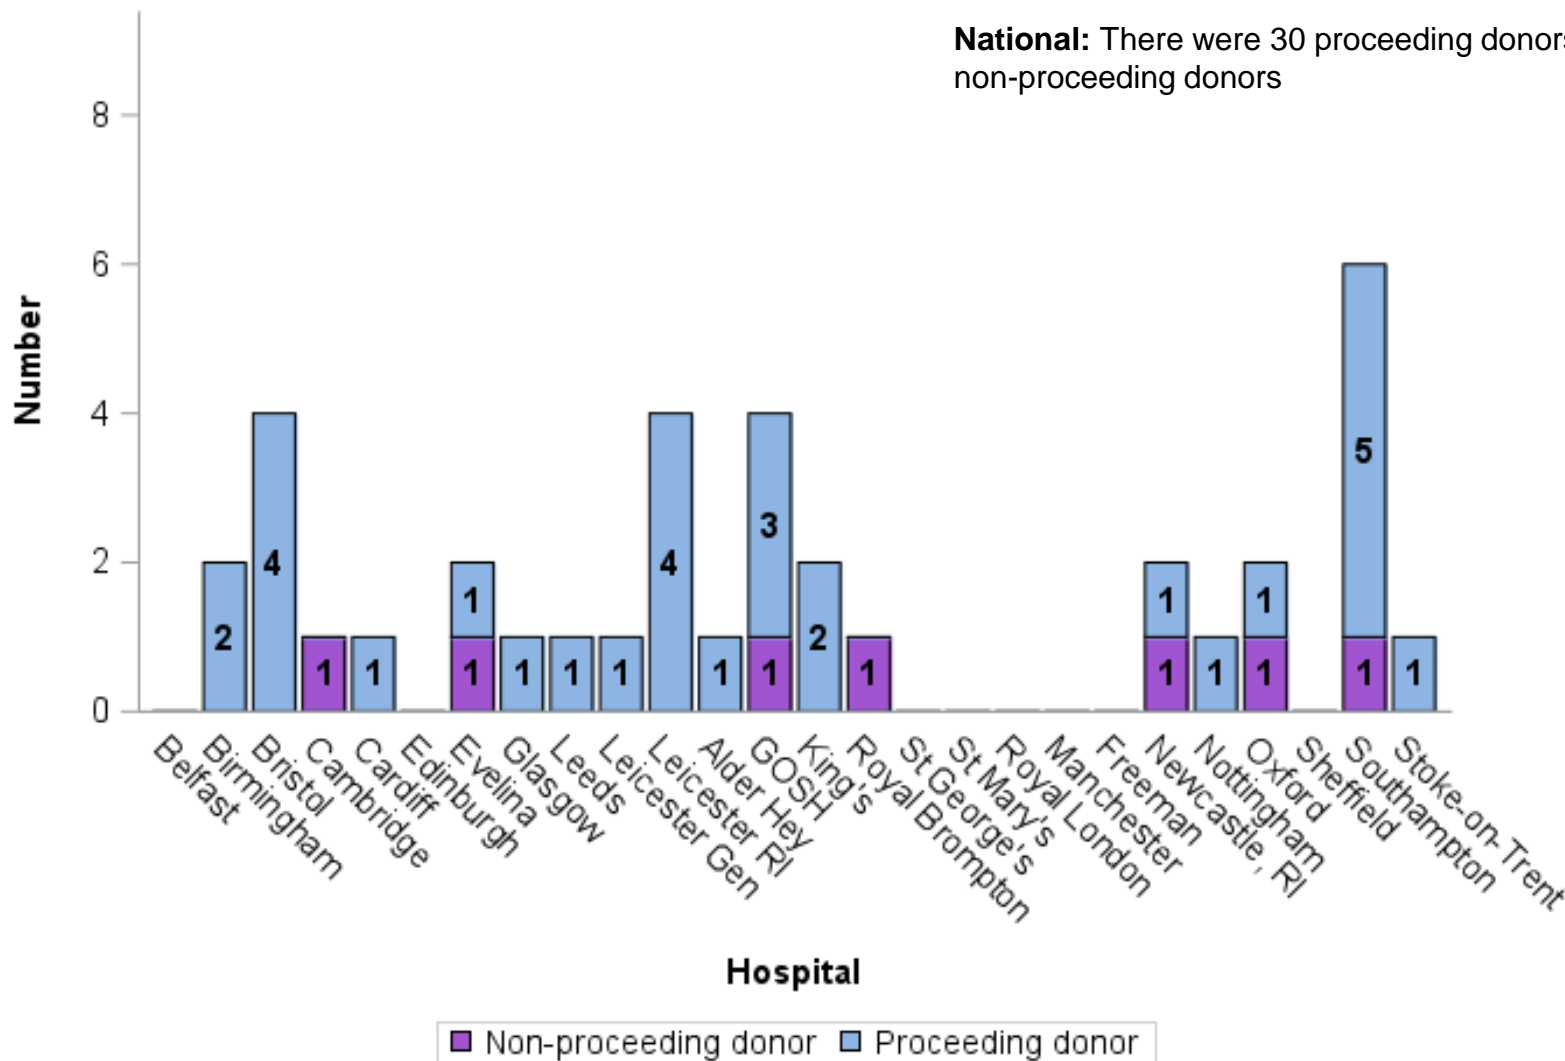

Reason families of eligible donors did not support organ donation, April 2021 – March 2022

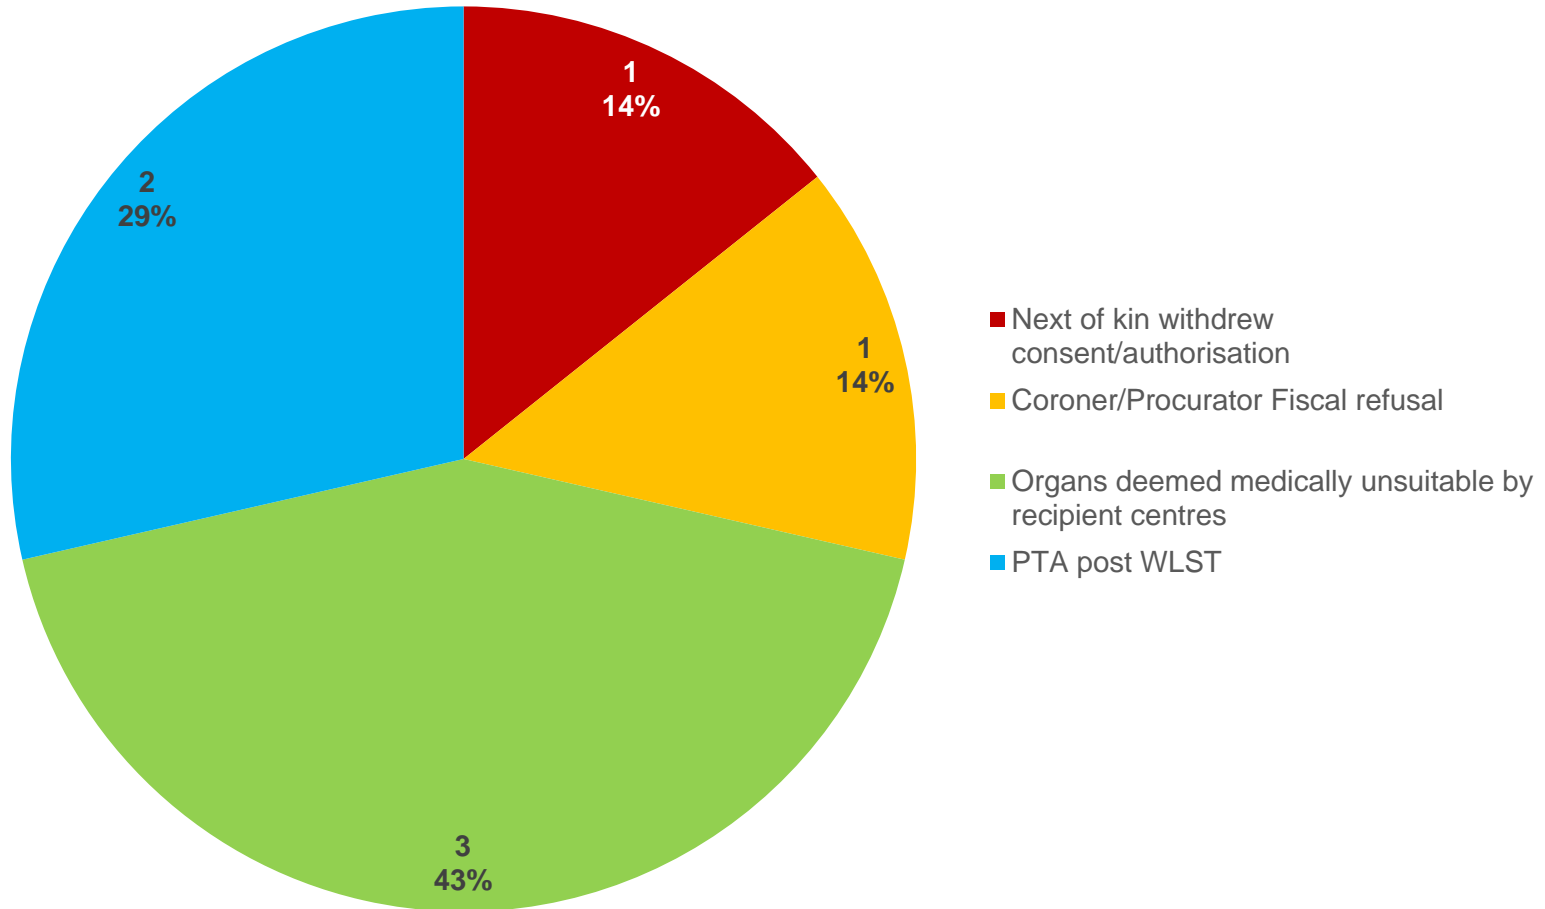

- Patient had previously expressed a wish not to donate
- Family felt it was against their religious/cultural beliefs
- Family did not believe in donation
- Family felt the patient had suffered enough
- Family did not want surgery to the body
- Family wanted to stay with the patient after death
- Family felt the length of time for donation process was too long
- Family concerned donation may delay the funeral
- Family felt the body needs to be buried whole (unrelated to religious or cultural reasons)

Number of proceeding/non-proceeding donors by hospital, April 2021 – March 2022

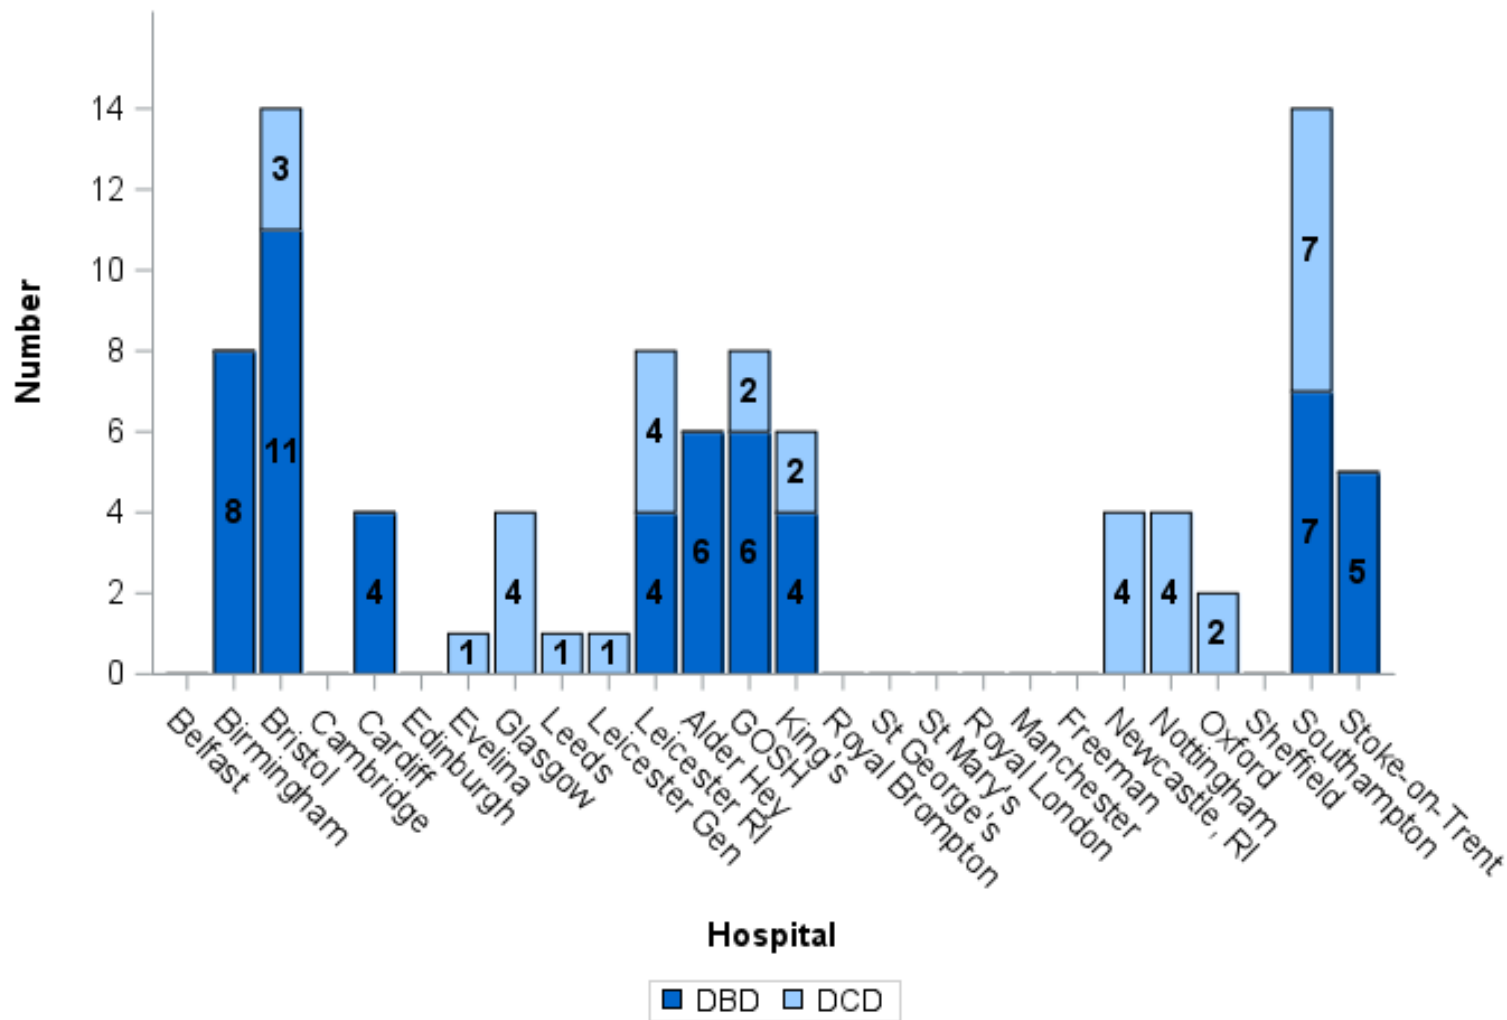

National: There were 30 proceeding donors and 7 non-proceeding donors

Reason eligible donors whose families consented/authorised organ donation did not proceed to organ donation, April 2021 – March 2022

Transplants from proceeding donors by hospital, April 2021 – March 2022

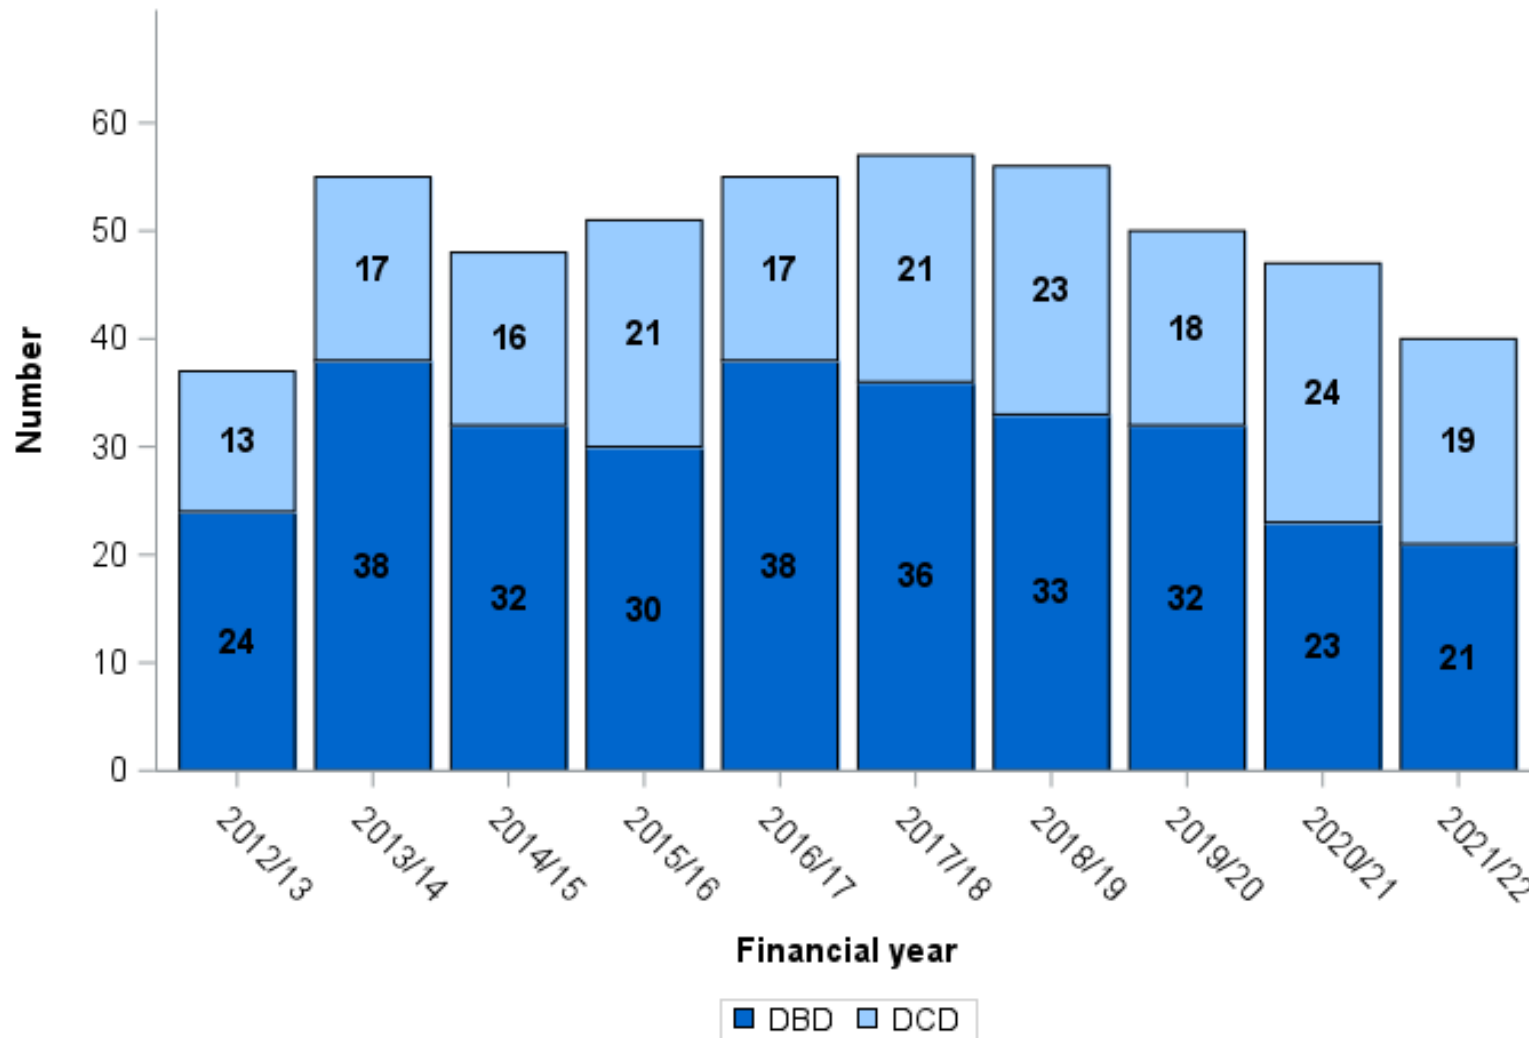

Deceased paediatric donors (aged under 18 years)

2012/13 – 2021/22

A decorative wavy line in shades of purple and magenta curves across the bottom of the slide.

Deceased paediatric donors (<18 years) by donor type, April 2012 – March 2022

Deceased paediatric donors (2 years and under) by donor type, April 2012 – March 2022
