3B	Organ Transplant (Patients & Donors)	3E	Granulocyte Immunology
3C	Haematopoietic Stem Cell Transplantation (Recipients & Donors)	3F	Disease Association / Drug Hypersensitivity / H&I Research

Consent

It is the responsibility of the requester submitting a sample, to ensure informed consent has been obtained for all tests, including genetic tests in accordance with current guidance and legislation. Unless written notice is received, consent for both investigations and the use of any surplus sample in scheduled purposes (quality control, staff development or ethics committee approved research) will be assumed.

IMPORTANT: Sample labelling / completion of request form

Three points of identification must be used on the form and on the sample tubes (tube and form details must agree):
1. Forename AND surname **2.** Date of birth **3.** NHS/CHI No. (essential where available; if not available another unique identifier must be supplied).

Further copies of this form and MPD1108 "*H&I Requirements for Sample Labelling and Request Form Completion*" can be obtained from: <http://tinyurl.com/h-i-forms>.

In general, smaller volumes are permissible in infants - please contact your laboratory for help and advice.

Blood sample integrity, storage & transportation

Urgent samples must be marked urgent and discussed with the appropriate laboratory before dispatch.

Samples should be transported at ambient temperature and delivered to the laboratory in a timely manner preferably within 24 hours of collection to ensure sample age is not a limitation factor for testing. Acceptance limits for sample age can be obtained from INF136 "*H&I User Guide*" <https://tinyurl.com/y6r4z5dw>.

Prior to transportation, samples can be stored at 4°C before sending. Samples that are sent to NHSBT must be labelled and packaged as Biological Substance Category B, UN 3373 and must meet PI650. Please contact your local H&I laboratory for help and advice.

Further information

All information provided to NHS Blood and Transplant is used in accordance with the General Data Protection Regulation (GDPR) and all other applicable privacy legislation. For more information on how we look after personal details or to find out more about privacy rights visit www.nhsbt.nhs.uk/privacy or call 0300 123 23 23.

NHSBT is committed to keeping data safe and confidential.
