

South West Team at Cribbs Causeway and Plymouth University

On Saturday 10th May at Cribbs Causeway we enrolled 15 blood donors and handed out many Lord Mayor campaign leaflets to members of the public. Our volunteers engaged with members of the public to talk to them about The Lord Mayors Campaign and the importance of blood and organ donation.

On Monday 12th May we arranged for a members of the Ahlul Bayt Society at Plymouth University to donate together at The Future Inn in Plymouth. The society members registered to become blood donors at The Plymouth University Good Deeds Day back in February and gave their first donation together. They will be donating together again this year during Muharram.
