

**NHS BLOOD AND TRANSPLANT
ORGAN DONATION AND TRANSPLANTATION DIRECTORATE
LIVER ADVISORY GROUP**

CENTRE SPECIFIC REPORTS ON ORGAN OFFERS

- 1 Since 1 April 2014 all transplant centres in the UK have received regular monthly reports from NHSBT on the outcome of organ offers in the most recent month. Such reports can be useful in reviewing decisions about organ acceptance criteria.
- 2 Since December 2014, follow up reports have been sent to centres. These reports include fewer donor details than the monthly reports, but include follow up information on all organs declined by centre and transplanted elsewhere. They are sent every three months to ensure enough follow up data can be collated (example on following page).
- 3 These reports are currently sent to centre directors and to other clinicians at the centre if requested. Any comments, suggestions or requests to be added to the distribution list can be sent to kate.martin@nhsbt.nhs.uk.

ACTION

- 4 LAG members are asked to note these reports are being regularly sent out for information.
