The following statement is published on NHSBT website:

Slavery and human trafficking

NHS Blood and Transplant (NHSBT) fully supports the Government objective to eliminate modern slavery and human trafficking.

Modern slavery is a crime and a violation of fundamental human rights. All types of modern slavery have in common the deprivation of a person's liberty by another in order to exploit them for personal or commercial gain.

NHSBT are committed to acting ethically and with integrity to ensure modern slavery is not taking place anywhere within NHSBT, or in any of our supply chains.

NHSBT procurement buys c. £120m of goods and services annually. Procurement is accountable for all non-pay expenditure and its role is to enable the organisation to obtain best value for money.
