ODT Clinical Governance Report May 2024**

1. Status – Confidential

2. Action Requested

PAG are requested to note this report.

3. Data

4. Learning from reports

No relevant cases to share.

5. Trends noted

There have been a number of reports relating to lack of islet isolation availability due to the fact that only 2 laboratories are covering the rota at present. The closed laboratory are liaising closely with NHSBT with an anticipated date to reopen of summer 2024.

6. For information

January 2024 edition of Cautionary Tales is now available online:
