

2024 Component Issues vs. 2023

There is strong evidence to support hospitals implementing the use of group A (HT-) plasma for trauma/major (↑ 8.1%) with a reduction seen in the demand for group AB which will continue to support supply chain sufficiency

Use Group A high titre (HT) negative plasma components for patients of unknown blood group - Hospitals and Science - NHSBT

2024 Component Wastage vs. 2023 * highlighted blood groups labelled otherwise indicates remaining groups

Total Wastage in 2024 (24-25 price list)

£12,290,328.42

(or **410** new BMW 1 series)
