

NHS BLOOD AND TRANSPLANT
CARDIOTHORACIC ADVISORY GROUP
PROLONGED LUNG REGISTRATIONS

- 1 This paper summarises the number of prolonged lung registrations and suspensions as at 1 March 2017, by centre.
- 2 Prolonged lung registrations are defined as active registrations for longer than three years for lung or heart-lung patients. Prolonged suspensions are defined as suspensions from the lung transplant list for longer than three months.
- 3 Monthly listings have been sent to units since 1 March 2000 for prolonged suspensions and quarterly prolonged activation listings have been issued since February 2003. Units are requested to review the listed patients and notify NHS Blood and Transplant (via ODT Online) of any data amendments e.g. deaths, removals.
- 4 **Table 1** presents the number of prolonged lung registrations and suspensions, by centre, as at 1 March 2017.
- 5 There were 26 patients who had been registered for a prolonged period and 5 prolonged suspensions.
- 6 Members are asked to review the information presented and notify NHS Blood and Transplant (via ODT Online) of any data amendments e.g. deaths, removals.
