

Condensed summary lesson:

# Organ donation and transplantation stories

## Activity 1: True or false organ donation and transplantation quiz

Read the statement and tick if you think the statement is either true or false

Statement	True	False
1. The kidney, liver and heart are the only organs that can be donated.		
2. Most people would consider donating their organs but few have told their families.		
3. 7,000 people in the UK are in need of an organ transplant.		
4. Having a medical condition prevents you from becoming an organ or tissue donor.		
5. On average three people die every week in need of a transplant.		
6. Age is a barrier to organ donation.		
7. You need to be registered on the NHS Organ Donor Register to be a donor.		
8. A child's donated organs go to a child recipient.		
9. One organ donor can save one life.		
10. All major religions in the UK support the principles of organ donation and transplantation.		

## Activity 2: Life stories

---

---

---

---

---

---

## Activity 4: Looking back on the lesson

### What do you think about organ donation and transplantation?

Read each statement and give a score from **1** to **5** (a score of 1 means strongly agree and 5 means strongly disagree).

Statement	Score
I think the topic we covered today is very important.	
I feel I have better knowledge and understanding on organ donation and organ transplantation.	
I feel more confident talking to a friend about organ donation.	
I am more likely to go home and talk to my family and friends about organ donation.	
I think the lesson about organ donation covered the topic in enough detail.	
Before the lesson I never considered the topic of organ donation.	
It is important to save and improve the lives of people needing a transplant.	
The group activities today encouraged me to talk about organ donation.	
I know where I can independently find out more about organ donation e.g. websites.	

The three most important things I have learnt about organ donation are:	

This lesson on organ donation and transplantation could be better if:
